Land Use Plan

The KCI Area Plan recommends Residential Low Density for this location. The proposed plan has a medium alignment with this designation. See Criteria A for more information.

Major Street Plan

North Line Creek Parkway is identified as a Parkway on the Major Street Plan.

Approval Process

Overview

The applicant seeks approval of a Final Plat in District MPD (Master Planned Development) on about 22 acres generally located at the northwest corner of Line Creek Parkway and Northwest 97th Street, allowing for the creation of 89 residential lots and 5 tracts.

Existing Conditions

The subject site is part of the Woodhaven MPD (Master Planned Development) containing primarily detached houses on for-sale lots. The first and second plat have been recorded, and houses are under construction. The land was previously used for agriculture. There is no regulated stream associated with this site.

Neighborhood

This site is not located within a registered neighborhood or homes association.

Required Public Engagement

Section 88-505-12, Public Engagement does not apply to this request.

Controlling Case

CD-CPC-2021-00216 - Ordinance CS 220269 - Rezoning an area of about 152 acres generally located on the south side of NW 100th Street between N Green Hills Road to the west and N Platte Purchase Drive to the east from Districts AG-R and R-7.5 to District MPD, and approving a preliminary development plan, which also serves as a preliminary plat to create 468 residential units and other amenities. Approved April 14, 2022

Project Timeline

The application for the subject request was filed on September 23, 2025. Scheduling deviations have occurred due to outstanding revisions needed.

Professional Staff Recommendation

Docket #C4 Approval Subject to Conditions

CD-CPC-2025-00155 – The City Plan Commission approved a request for a MPD Final Plan for Woodhaven, 3rd Plat in District MPD (Master Planned Development) on about 22 acres generally located north and west of NW 97th Street and N Colrain Avenue. Approved November 6, 2025.

The request is to consider approval of a Final Plat in District MPD on about 22 acres generally located at the northwest corner of Line Creek Parkway and Northwest 97th Street to allow for the creation of 89 lots and 5 tracts for the purposes of a single unit residential development.

The proposed Final Plat includes street connections to the existing Woodhaven development to the west and south. A connection to the future Line Creek Parkway to the east is also proposed with this plat. Line Creek Parkway at this location will be dedicated under a separate process at a later date. The Final Plat is consistent with the approved Preliminary Plat and complies with the lot and building standards established by the controlling Master Planned Development.

Final Plats are the legal instruments used to formally subdivide land in accordance with the layout approved in the Preliminary Plat, which is often presented in multiple phases, as this proposed plat is. The review of a Final Plat includes verification that all required public utilities have been properly extended and accepted by the City, and that stormwater detention covenants have been finalized and reviewed for compliance.

PLAT ANALYSIS

Standards	Meets	Notes
Lot and Building Standards (88-280)	Yes	Complies with controlling MPD lot and building standards.
Boulevard & Parkway Standards (88-323)	Yes	Complies with deviations granted on controlling MPD.
Parkland Dedication (88-408)	Yes, subject to conditions	

SPECIFIC REVIEW CRITERIA

Final Subdivision Plats (88-555-04)

In reviewing and making decisions on zoning and development code text amendments, the City Planning and Development Director, City Plan Commission, and City Council must consider at least the following factor:

No final plat may be approved unless the decision-making body finds that the proposed subdivision conforms with the approved preliminary plat with all applicable regulations and standards of this zoning and development code.

The requested Final Plat is in conformance with the controlling plan and all standards as required by 88-555-04 of the Zoning and Development Code.

Condition(s) by City Planning and Development Department. Contact Matthew Barnes at (816) 513-8817 / matthew.barnes@kcmo.org with questions.

1. That prior to submitting documents for the final approval of conditions the applicant update the plat to reflect the correct City Plan Commission Date, Ordinance Number, and Council Approval Date by utilizing the Official City Signature Block found under Table 8 in the 2025 Director's Minimal Submittal Requirements and insert Case No. CLD-FnPlat-2025-00030.
2. That prior to submitting documents for the final approval of conditions the applicant ensure that the Title Report is current within 90 days or submit an updated Title Report.
3. That prior to submitting documents for final approval the applicant shall upload Paid Tax Receipts for the most recent applicable year.
4. That prior to issuance of the Certificate of Occupancy for the first house built the developer must post a sign at the terminus of all stub streets indicating that the stub street is intended to be opened to through traffic when the adjacent property is developed. The sign must state "FUTURE THROUGH STREET. TO BE CONNECTED WHEN ABUTTING PROPERTY DEVELOPS."
5. That prior to issuance of the Certificate of Occupancy for each lot within the plat the developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that street trees have been installed in accordance with the approved Street Tree Planting Plan and are healthy. This condition may be satisfied by an assigned City Planning and Development Building Inspector.
6. That prior to recording the Final Plat the developer shall upload and secure approval of a Street Tree Planting Plan from the City Forester.

Condition(s) by Fire Department. Contact Michael Schroeder at (816) 513-4604 / michael.schroeder@kcmo.org with questions.

7. Line Creek Parkway shall be completed through to NW 100th st prior to issuance of combustible material permits. • One and two family residential developments exceeding 30 dwelling units shall have at least two separate and approved fire apparatus access roads (IFC-2018: § D107.1) • Where two fire apparatus access roads are required, they shall be placed a distance apart equal to not less than one half of the length of the maximum overall diagonal dimension of the lot or area to be served, measured in a straight line between accesses. (IFC-2018: § D106.3)
8. Controlling plan conditions shall all be in effect.

Condition(s) by Public Works Department. Contact Terry Thomas at (816) 513-2510 / Terry.A.Thomas@kcmo.org with questions.

9. The developer shall construct temporary off-site cul-de-sacs and grant a city approved temporary cul-de-sac easement, for that portion outside of the dedicated street right-of-way, to the City as required by the Land Development Division, prior to recording the plat.
10. The developer must subordinate to the City all private interest in the area of any right-of-way dedication, in accordance with Chapter 88 and as required by the Land Development Division, prior to issuance of any construction permits within said right-of-way, and that the owner/developer shall be responsible for all costs associated with subordination activities now and in the future.
11. The developer shall pay impact fees as required by Chapter 39 of the City's Code of ordinances as required by the Land Development Division.
12. The developer must design and construct all interior public streets to City Standards, as required by Chapter 88 and the Land Development Division, including curb and gutter, storm sewers, street lights, and sidewalks.
13. The developer shall dedicate additional right of way [and provide easements] for Line Creek Parkway as required by the adopted [Major Street Plan and/or Chapter 88] so as to provide a minimum of 150 feet of right of way as measured from the centerline, along those areas being platted.

Condition(s) by Public Works Department. Contact Terry Thomas at (816) 513-2510 / Terry.A.Thomas@kcmo.org with questions.

14. After the City Plan Commission enters its disposition for the development plan, the developer shall not enter into any agreement that would encumber or otherwise have any impact on the proposed right-of-way dedications for the planned project without the prior written consent of the Land Development Division.

Condition(s) by Water Services Department. Contact Philip Taylor at (816) 513-0146 / philip.taylor@kcmo.org with questions.

15. The developer shall cause the area to be platted and processed in accordance with Chapter 88, Code of Ordinances of the City of Kansas City, Missouri, as amended, commonly known as the Development Regulations.
16. The developer shall submit a detailed Micro storm drainage analysis from a Missouri-licensed civil engineer to KC Water showing compliance with the current, approved Macro study on file with the City and with current adopted standards in effect at the time of submission, including Water Quality BMP's, prior to approval and issuance of any building permits to construct improvements on the site or prior to recording the plat, whichever occurs first. The developer shall verify and/or improve downstream conveyance systems or address solutions for impacted properties due to flow contributions from the site; and that the developer construct any other improvements as required by KC Water as necessary to mitigate impacts from rate, volume, and quality of runoff from each proposed phase.
17. The developer must obtain the executed and recorded city approved grading, temporary construction, drainage/sewer, or any other necessary easements from the abutting property owner(s) that may be required prior to submitting any public improvements crossing properties not controlled by the developer and include said document(s) within the public improvement applications submitted for permitting.
18. The owner/developer must submit plans for grading, siltation, and erosion control to KC Water for review and acceptance, and secure a Site Disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
19. The developer shall submit an analysis to verify adequate capacity of the existing sewer system as required by KC Water prior to issuance of a building permit to connect private system to the public sewer main and depending on adequacy of the receiving system, make other improvements may be required.
20. The developer must secure permits to extend public sanitary and storm water conveyance systems to serve all proposed lots within the development and determine adequacy of receiving systems as required by KC Water, prior to recording the plat or issuance of a building permit whichever occurs first.
21. The developer must submit covenants, conditions and restrictions to KC Water for review by the Law Department for approval for the maintenance of private open space and enter into a covenant agreement for the maintenance of any stormwater detention area tracts, prior to recording the plat.
