DIVISION 2.

ORDINANCE NO. 180099

- (7) *Bid shopping*: The practice whereby a person divulges or requires another to divulge a subcontractors bid or proposal for the purpose of securing a lower bid or proposal.
- (8) *City*: City of Kansas City, Missouri.
- (9) *City department*: Department of the city or the division of procurement services when acting on behalf of a department director.
- (10) *Commercially useful function*: Real and actual services that are a distinct and verifiable element of the contracted work based upon private sector trade or industry standards. Determination that an enterprise performs a commercially useful function will be made based on the following considerations:
 - a. An MBE or WBE performs a commercially useful function when it is responsible for execution of the ordinary and necessary work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the MBE or WBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining the quality and quantity, ordering the material, installing (where applicable) and paying for the material itself. To determine whether an MBE or WBE is performing a commercially useful function, one must evaluate the following:
 - 1. The amount of work subcontracted; and
 - 2. Industry practices; and
 - 3. Whether the amount the enterprise is to be paid under the contract is commensurate with the work it is actually performing; and
 - 4. Whether the MBE or WBE has the skill and expertise to perform work for which it is being utilized; and
 - 5. The credit claimed for its performance of the work; and
 - 6. Other relevant factors.
 - b. An MBE or WBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of MBE or WBE participation. In determining whether an MBE or WBE is such an extra participant,

ORDINANCE NO. 180099

one must examine similar transactions, particularly those in which MBEs or WBEs do not participate.

- c. An MBE or WBE firm is not performing a commercially useful function if the MBE or WBE subcontracts a greater portion of the work on a contract or purchases a greater amount of material than would be expected on the basis of normal industry practice for the type of work involved.
- d. Whether the MBE or WBE is participating in the contract as a middle person or broker in the normal course of that business or trade by purchasing the goods and/or services from another business, thereby qualifying expenditures for such goods and/or services to be counted toward utilization requirements for MBEs and WBEs.
- e. Whether the MBE or WBE is responsible for the purchase and quality of, and payment for, materials used to perform its work under the contract.

There shall be a rebuttable presumption that, when the MBE or WBE subcontracts a greater portion of the contract work than normal industry practice, the MBE or WBE is not performing a commercially useful function.

- (11) *Construction contract:* A contract for the construction, reconstruction, improvement, enlargement or alteration of any fixed work or construction site preparation, the majority of which is paid for out of city or agency funds.
- (12) *Contract:* Any city or agency construction contract more than \$300,000.00, and all other city or agency contracts more than \$117,000.00 the majority of either of which is paid for out of city funds or in which an agency is a party, except the following:

(e) For contracts other than construction contracts, the director is authorized to require a bidder or proposer to make good faith efforts to achieve MBE/WBE participation without setting a numerical MBE/WBE goal on the solicitation as long as the director could have set an MBE/WBE goal based on the factors in section 3-431(b).

Sec. 3-439. Joint venture and mentor-protégé programs.

(a) *The joint venture relationship.* The department shall encourage voluntary establishment of joint ventures on all request for proposals (RFP) and requests for qualifications (RFQ). Joint ventures have the potential to create prime contracting opportunities for businesses that include MBE/WBEs on eligible projects.

The mentor/protégé team shall perform work as designated by the mentor within its relevant scope of work, provided however that the mentor cannot be responsible for the management of the MBE/WBE firm and the mentor and the MBE/WBE must remain separate and independent business entities.

Sec. 3-442. Reserved.

Sec. 3-443. Modification or substitution.

(a) A bidder, proposer, contractor, or developer shall not make any modification or substitution with regard to the contractor utilization plan unless the modification or substitution has first been requested of the director and approved by the director. After bid or proposal opening or after a contract is awarded, the director may approve substitutions of other qualified MBE/WBEs for those listed in the contractor utilization plan or approve modifications of the amount of participation listed in the contractor utilization plan, if the director finds that the bidder, proposer, contractor, or developer made and provided evidence of good faith efforts to substitute the listed MBE/WBE with other qualified MBE/WBEs for the listed scope of work or any other scope of work in the project, finds that the bidder, proposer, contractor, or developer has not attempted intentionally to evade the requirements of this article and it is in the best interests of the city to allow a modification or substitution, and also finds one of the following:

- (1) The listed MBE/WBE is non-responsive or cannot perform; or (2) The listed MBE/WBE has increased its previously quoted price to the bidder, proposer, contractor, or developer without a corresponding change in the scope of the work; or
- (3) The listed MBE/WBE has committed a material default or breach of its contract with the contractor or developer; or
- (4) Requirements of the scope of work of the contract have changed and render subcontracting not feasible or not feasible at the levels required by the goals established for the contract; or
- (5) The listed MBE/WBE is unacceptable to the contracting department; or
- (6) The listed MBE/WBE thereafter had its certification revoked.

ORDINANCE NO. 180099

(b) If there is an increase in the quantity of the scope of work performed by an MBE/WBE, contractor or developer shall make good faith efforts to use such MBE/WBE for the increased work. If extra work not within the general scope of the contract and in excess of \$117,000.00 is required, the director shall assign MBE/WBE goals for the extra work, if appropriate, and the contractor or director shall make good faith efforts under the circumstances to achieve those goals. (c) Bid shopping is prohibited.

(d) For contracts entered into in connection with Section 3-425(b) and 3-425(c), the director shall submit to the relevant incentive agency, his or her initial determination of whether a modification or substitution is appropriate at least ten business days prior to sending the official determination to the developer. Sec. 3-445. Contract award process.

(a) Whenever a bidder or proposer has submitted a bid or proposal that is not in material compliance with the requirements of this article, the contracting department or agency shall reject the bid or proposal unless the goals are waived pursuant to section 3-437.

(b) If, after a contract is awarded, it is determined that a solicitation or award is in violation of this article, the contractor may continue performance if the department director or agency head makes a written determination that it is in the best interests of the city or the agency, without prejudice to any other legal remedies available to it under the contract.

Sec. 3-446. Reserved.

Sec. 3-447. Liquidated damages.

(a) All city and incentive agency contracts which contain goals shall contain a provision which provides for liquidated damages in the event the contractor or developer fails to achieve the MBE/WBE participation specified in the contractor utilization plan as finally approved by the director.

(b) The amount of liquidated damages for city and incentive agency contracts shall be in an amount as determined by the director except that, for incentive agency contracts, the director and incentive agency may jointly agree to a remedy alternative to liquidated damages which promotes the goals of the City's MBE/WBE program. Should the incentive agency and director fail to come to an agreement on a remedy alternative to liquidated damages, the director's determination of liquidated damages shall be assessed.

(c) The liquidated damages may not exceed the difference between the monetary amount of the MBE/WBE participation finally approved by the director and the amount actually paid to qualified MBEs and WBEs. In determining the amount actually paid to qualified MBEs and WBEs, no credit shall be given for that portion of the MBE/WBE participation that was not approved in accordance with the provisions of section 3-443, provided however that the director may allow credit if he determines, in his sole discretion, that the contractor or developer acted in good faith.

Sec. 3-448. Reserved.

Sec. 3-449. - Fairness in city contracts board.

(a) There is hereby established a fairness in city contracts board. The term of an alternate shall expire at the expiration of the term of the board member.

(f) In the event the chairperson is not in attendance at any board meeting, a majority of board members shall select a member to act as chairperson for that meeting.

(g) The board is hereby authorized to establish its own rules and regulations to implement this charge.

Sec. 3-452. Reserved.

Sec. 3-453. Responsibilities of the fairness in construction board.

(a) Goal setting. Prior to solicitation, the department and appropriate city staff or, in case of projects receiving tax increment financing or city tax abatement, a representative of the developer of the project shall present to the board recommended MBE/WBE goals for each proposed construction contract. The board shall determine whether any goals are appropriate and, if so, shall set the goals in conformance with section 3-431 hereof. The goals shall be included in the invitation for bid or request for proposals. Except as otherwise provided in section 3-431(d) hereof, no invitation for bid or request for proposals shall be released until goals have been requested and set, or until the city department soliciting the contract has been notified by the director that goals will not be established.

(b) Any bidder or proposer on a city construction project or developer if the project is receiving tax increment financing or city tax abatement that has an estimated cost of over \$300,000.00 may, prior to award of the construction contract, appeal to the board any determination by the director concerning the following issues:

- (1) Waiver of the individual contract goals pursuant to section 3-437(a); or

ORDINANCE NO. 180099

- (2) Substitution of an MBE/WBE listed on a contractor utilization plan pursuant to section 3-443; or
- (3) Modification of the percentage of the participation on a contractor utilization plan pursuant to section 3-443.

(c) Any contractor or developer construction contract over \$300,000.00 may appeal to the board any determination by the director concerning the following issues:

- (1) MBE/WBE contract credit towards meeting the percentage of MBE/WBE participation identified in the contractor utilization plan; or
- (2) Assessment or amount of Liquidated damages; or
- (3) Substitution of an MBE/WBE listed on a contractor utilization plan pursuant to section 3-443; or
- (4) Modification of the percentage of the participation on a contractor utilization plan pursuant to section 3-443.

(d) Appeals shall be made to the fairness in construction board by filing with the director within ten working days after notice of the director's determination through a written request for review by the board, stating the grounds of such appeal with specificity. The director shall promptly forward a copy of any appeal to the chairperson and members of the board.

(e) Failure to file a timely appeal shall constitute a waiver of the right of a bidder, proposer, contractor, or developer to appeal the director's determination and such person shall be estopped to deny the validity of any determination which could have been timely appealed.

(f) Authority of board.

- (1) The board shall have authority to decide appeals, and may reverse, affirm or modify determinations of the director set forth in subsections (b) and (c) hereof. The board shall have the power to inquire into all the facts and circumstances of appeals within its jurisdiction and may hold hearings for such purpose or, if it determines an appeal to be frivolous and without merit, may to reject an appeal without holding a hearing.
- (2) The board shall hold a hearing or determine an appeal to be frivolous within twenty working days of the date of filing of a timely appeal. The board shall issue a written report of its decision within ten working days from the conclusion of a hearing or its determination that an appeal is frivolous and its decision shall be final for all purposes. The failure to hold a hearing or determine an appeal frivolous within the prescribed time shall result in the director's determination being overturned without further

ORDINANCE NO. 180099

action, unless the delay was requested or caused by the party filing the appeal.

- (3) The board shall issue a written report of its decision within the later of thirty days of the filing of a timely appeal or ten working days from the conclusion of the hearing and its decision shall be final for all purposes. Notwithstanding the foregoing, the city council shall retain the right to waive any provision of this article in accordance with section 3-437(b).

(g) Intervention. Any bidder, proposer or contractor whose interests will be affected by any appeal may be permitted by the board to intervene in the appeal.

(h) In the event an appeal is pending before the fairness in construction board and the project is presented to the city council for consideration prior to the board's issuance of its decision, the city council shall be notified by including in the fact sheet notification that there is an appeal pending before the board. The city council may elect to delay award of the project until after the board issues its decision.

(i) In the case of contracts entered into in connection with Section 3-425(b) and 3-425(c), the provisions related to actions of the city council will instead be the applicable incentive agency.

(j) Any bidder, proposer, contractor, or developer may notify the board of the director's and, in the case of contracts entered into in connection with Section 3-425(b) and 3-425(c), the applicable incentive agency, failure to make a determination or take action within the time required by this article and the board has the authority to inquire into the circumstances of the matter.

- (6) Any increase in the amount of MBE/WBE participation after submission of the contractor utilization plan shall not count toward meeting the contract goals, unless otherwise permitted under section 3-443 hereof.
- (7) Bid shopping is prohibited.

Sec. 3-456. Procedures for agency agreements.

For developers receiving tax incentives or tax abatement a contract utilization plan (CUP) is due 48 hours after the initial bid due date, along with the affidavit of intended utilization. If the project is bid in phases, the developer(s) shall submit an estimated time table for additional phases. - (3) Timely submission of the contractor utilization plan is a material element of the bid submission. The director is authorized to extend the 48-hour deadline for the letters of intent to subcontract but not the deadline for submission of the contractor utilization plan.
- (4) Documentation of good faith efforts shall be submitted when requested by the city or the agency.
- (5) Any increase in the amount of MBE/WBE participation after submission of the contractor utilization plan shall not count toward meeting the contract goals, unless otherwise permitted under section 3-443 hereof.

Sec. 3-458. Reserved.

Sec. 3-459. Required reporting for contractors and developers.

All contractors and developers with a contractor utilization plan shall provide any and all information required by the director in a format prescribed by the director in such intervals as the director may determine.

Sec. 3-460. Reserved.

Sec. 3-461. Certification and appeals.

(a) To ensure that this article benefits only MBEs and WBEs that are owned and controlled by bona fide minorities and women, the director shall certify MBEs and WBEs and mentor/protégés who wish to participate in the program. Any person not certified by the human relations department shall not be regarded as an MBE, WBE, or mentor/protégé program under this article.

(b) Each person that seeks certification as an MBE/WBE must demonstrate by written documentation or affidavit that it has suffered from past race or gender discrimination in the city and in the applicable trade or industry. A unified certification process (UCP) certificate, a Missouri Highway and Transportation Department

ORDINANCE NO. 180099

certification or a Kansas Department of Transportation certification along with the documentation stated in this subsection, is sufficient for certification as a DBE so long as the firm has never been denied certification by any federal, state or local authority at any time and meets the definition of section 3-421(a) (20) and the requirements of this section.

(c) Each entity seeking certification as an MBE/WBE must demonstrate by written documentation or affidavit that it's owner or individual owner's personal net worth (as defined in this section) is equal to or less than the permissible personal net worth amount determined by the U.S. Department of Transportation to be applicable to its DBE programs. Entities seeking certification as an MBE/WBE shall submit all information or documentation requested by the city's human relations department in determining whether the entity complies with this subsection.

(d) Each person that seeks certification as an MBE/WBE in the Kansas City metropolitan area must demonstrate the business enterprise has a real and substantial presence. After the effective date of this provision, any business enterprise shall be deemed to have a real and substantial presence in the Kansas City metropolitan area if:

- (1) The firm's principal office or place of business is in the Kansas City metropolitan area; and
- (2) The firm maintains full-time employees in one or more of the firm's offices within the Kansas City metropolitan area to conduct or solicit business in the Kansas City metropolitan Area the majority of their working time; and
- (3) The firm has transacted business more than once in the Kansas City metropolitan area within the last three years; and
- (4) The firm has been in existence in the Kansas City metropolitan area at least six months prior to application for participation in the MBE/WBE program.

If an MBE/WBE does not have a real and substantial presence in the Kansas City metropolitan area as specified under subsection (c)(1) through (c)(4), the firm shall remain certified until their certification expires. After the firm's certification expires, the firm must meet the requirements of subsection (c) (1) through (c) (4) to be recertified.

(e) All applicants and certified businesses shall be subject to an audit by the director at any time. An applicant's or certified business' refusal to facilitate an audit shall be grounds for denial of its certification application or revocation of its certification.

(f) All applicants and certified businesses shall be required to demonstrate and prove that the business has the skill and expertise to perform as a subcontractor in the particular area of work for which it is requesting listing or is listed on the M/W/DBE Kansas City, Mo. Online Directory.

ORDINANCE NO. 180099

(g) All applicants and certified businesses shall submit such information or documentation as may be required by the director in connection with its certification as an MBE or WBE, including, but not limited to current licenses and federal, state and local tax returns and schedules (business and personal), and all other forms that are required to be included with or attached to the return at the time of filing. Failure to submit such information or documentation shall result in the denial of its certification application or revocation of its certification.

(h) A certification application may be withdrawn by an applicant without prejudice at any time prior to an on-site audit. All applications and documentation submitted to support an application will not be returned to the applicant. Following the withdrawal of a certification application, the applicant may not reapply for certification for a period of one year from the date of withdrawal of the application.

(i) Burden of proof in the certification process. The firm seeking certification has the burden of demonstrating to the director, by a preponderance of the evidence, that it meets all the requirements for certification. The director shall make determinations concerning whether individuals and firms have met their burden of demonstrating minority and woman status, business size, expertise, commercially useful function, ownership, management, independence and control by considering all the facts in the record, viewed as a whole.

(j) Determination of minority and woman status. If the director has reason to question whether an individual is a minority or woman, the director shall require the individual to demonstrate, by a preponderance of the evidence, that he or she is a minority or woman. In making such a determination, the director must consider whether the person has held himself or herself out to be a minority or woman over a long period of time prior to application for certification and whether the person is regarded as such by the relevant community. Evidence of active participation in relevant community organizations will be considered in such determinations. The director may require the applicant to produce appropriate documentation.

(k) Business size determinations. To be an MBE/WBE, a firm (including its affiliates) must be an existing and currently functioning small business. The director shall apply the SBA business size standard(s) found in 13 CFR part 121.201 and as amended as of the date of application and appropriate to the type(s) of work the firm seeks to perform.

(l) Determination of ownership. In determining whether the minority or women participants in a firm own the firm, the director shall consider all the facts in the record, viewed as a whole.

- (1) To be an MBE/WBE, a firm must be at least 51 percent owned by one or more minority and women individuals, reflected as follows:

ORDINANCE NO. 180099

- a. In the case of a corporation, such individuals must own at least 51 percent of each class of voting stock outstanding and 51 percent of the aggregate of all stock outstanding.
 - b. In the case of a partnership, 51 percent of each class of partnership interest must be owned by minority and women. Such ownership must be reflected in the firm's partnership agreement.
 - c. In the case of a limited liability company, at least 51 percent of each class of member interest must be owned by the minority and women individuals.
- (2) The firm's ownership by minority or women must be real, substantial, and continuing, going beyond pro forma ownership of the firm as reflected in ownership documents. The minority or women owners must enjoy the customary incidents of ownership, and share in the risks and profits commensurate with their ownership interests, as demonstrated by the substance, not merely the form, of arrangements.
- (3) All securities that constitute ownership of a firm shall be held directly by the minorities or women. Except as provided in this subsection (3), no securities or assets held in trust, or by any guardian for a minor, are considered as held by minority or women individuals in determining the ownership of a firm. However, securities or assets held in trust are regarded as held by a minority or woman for purposes of determining ownership of the firm, if:
- a. The beneficial owner of securities or assets held in trust is a minority or woman, and the trustee is the same or another such individual; or
 - b. The beneficial owner of a trust is a minority or woman who, rather than the trustee, exercises effective control over the management, policy-making, and daily operational activities of the firm. Assets held in a revocable living trust may be counted only in the situation where the same minority or woman is the sole grantor, beneficiary, and trustee.
- (4) The contributions of capital or expertise by the minority or women owners to acquire their ownership interests must be real and substantial. Examples of insufficient contributions include a promise to contribute capital, an unsecured note payable to the firm or an owner who is not a disadvantaged individual, or mere participation in a firm's activities as an employee. Debt instruments from financial institutions or other organizations that lend funds in the normal course of their business do not render a firm ineligible, even if the debtor's ownership interest is security for the loan.

ORDINANCE NO. 180099

- (5) In situations where expertise is relied upon as part of a minority or woman owner's contribution to acquire ownership:
 - a. The owner's expertise must be:
 - 1. In a specialized field; and
 - 2. In areas critical to the firm's operations; and
 - 3. Indispensable to the firm's potential success; and
 - 4. Specific to the type of work the firm performs; and
 - 5. Documented in the records of the firm. These records must clearly show the contribution of expertise and its value to the firm.
 - b. The individual whose expertise is relied upon must have a significant financial investment in the firm.
- (6) The director shall always deem as held by a minority or woman individual, for purposes of determining ownership, all interests in a business or other assets obtained by the individual:
 - a. As the result of a final property settlement or court order in a divorce or legal separation, provided that no term or condition of the agreement or divorce decree is inconsistent with this section; or
 - b. Through inheritance, or otherwise because of the death of the former owner.
- (7) Presumptions regarding interests obtained without consideration:
 - a. The director shall presume as not being held by a minority or woman individuals, for purposes of determining ownership, all interests in a business or other assets obtained by the individual as the result of a gift, or transfer without adequate consideration, from any non-minority or male individual or non-MBE/WBE firm who is:
 - 1. Involved in the same firm for which the individual is seeking certification, or an affiliate of that firm; or
 - 2. Involved in the same or a similar line of business; or
 - 3. Engaged in an ongoing business relationship with the firm, or an affiliate of the firm, for which the individual is seeking certification.

ORDINANCE NO. 180099

- b. To overcome this presumption and permit the interests or assets to be counted, the minority or woman individual must demonstrate to the director, by clear and convincing evidence, that:
 - 1. The gift or transfer to the disadvantaged individual was made for reasons other than obtaining certification as an MBE/WBE; and
 - 2. The minority or woman individual actually controls the management, policy, and operations of the firm, notwithstanding the continuing participation of non-minority or male individual or non-MBE/WBE firm who provided the gift or transfer.
- (8) The director shall apply the following rules in situations in which marital assets form a basis for ownership of a firm:
- a. When marital assets (other than the assets of the business in question), held jointly or as community property by both spouses, are used to acquire the ownership interest asserted by one spouse, the director shall deem the ownership interest in the firm to have been acquired by that spouse with his or her own individual resources, provided that the other spouse irrevocably renounces and transfers all rights in the ownership interest in the manner sanctioned by the laws of the state in which either spouse or the firm is domiciled. The director shall not count a greater portion of joint or community property assets toward ownership than state law would recognize as belonging to the minority or woman owner of the applicant firm.
 - b. A copy of the document legally transferring and renouncing the other spouse's rights in the jointly owned or community assets used to acquire an ownership interest in the firm must be included as part of the firm's application for MBE/WBE certification.
- (9) The director may consider the following factors in determining the ownership of a firm. However, the director must not regard a contribution of capital as failing to be real and substantial, or find a firm ineligible, solely because:
- a. A minority or woman individual acquired his or her ownership interest as the result of a gift, or transfer without adequate consideration, other than the types set forth in subsection (7) of this section; or
 - b. There is a provision for the co-signature of a spouse who is not a minority or woman individual on financing agreements, contracts

ORDINANCE NO. 180099

for the purchase or sale of real or personal property, bank signature cards, or other documents; or

- c. Ownership of the firm in question or its assets is transferred for adequate consideration from a spouse who is not a minority or woman to a spouse who is such an individual. In this case, the director must give particularly close and careful scrutiny to the ownership and control of a firm to ensure that it is owned and controlled, in substance as well as in form, by a minority or woman individual.

(m) Determinations concerning control. In determining whether the minority or women owners control a firm, the director must consider all the facts in the record, viewed as a whole.

- (1) Only an independent business may be certified as an MBE/WBE. An independent business is one the viability of which does not depend on its relationship with another firm or firms.
 - a. In determining whether a potential MBE/WBE is an independent business, the director must scrutinize relationships with non-MBE/WBE firms, in such areas as personnel, facilities, equipment, financial and/or bonding support, and other resources.
 - b. The director must consider whether present or recent employer/employee relationships between the minority and woman owner(s) of the potential MBE/WBE and non-MBE/WBE firms or persons associated with non-MBE/WBE firms compromise the independence of the potential MBE/WBE firm.
 - c. The director must examine the firm's relationships with prime contractors to determine whether a pattern of exclusive or primary dealings with a prime contractor compromises the independence of the potential MBE/WBE firm.
 - d. In considering factors related to the independence of a potential MBE/WBE firm, the director must consider the consistency of relationships between the potential MBE/WBE and non-MBE/WBE firms with normal industry practice.
- (2) An MBE/WBE firm must not be subject to any formal or informal restrictions which limit the customary discretion of the minority or women owners. There can be no restrictions through corporate charter provisions, by-law provisions, contracts or any other formal or informal devices (e.g., cumulative voting rights, voting powers attached to different classes of stock, employment contracts, requirements for concurrence by non-disadvantaged partners, conditions precedent or subsequent, executory agreements, voting trusts, restrictions on or assignments of voting rights)

ORDINANCE NO. 180099

that prevent the minority or women owners, without the cooperation or vote of any non-minority or male, from making any business decision of the firm. This paragraph does not preclude a spousal co-signature on documents.

- (3) The minority and women owners must possess the power to direct or cause the direction of the management and policies of the firm and to make day-to-day as well as long-term decisions on matters of management, policy and operations.
 - a. A minority or women owner must hold the highest officer position in the company (e.g., chief executive officer or president).
 - b. In a corporation, minority or women owners must control the board of directors.
 - c. In a partnership, one or more minorities or women owners must serve as general partners, with control over all partnership decisions.
- (4) Individuals who are not minorities or women may be involved in an MBE/WBE firm as owners, managers, employees, stockholders, officers, and/or directors. Such individuals must not, however, possess or exercise the power to control the firm, or be disproportionately responsible for the operation of the firm.
- (5) The minority and women owners of the firm may delegate various areas of the management, policymaking, or daily operations of the firm to other participants in the firm, regardless of whether these participants are minority or women. Such delegations of authority must be revocable, and the minority and women owners must retain the power to hire and fire any person to whom such authority is delegated. The managerial role of the minority and women owners in the firm's overall affairs must be such that the recipient can reasonably conclude that the minority and women owners actually exercise control over the firm's operations, management, and policy.
- (6) The minority and women owners must have an overall understanding of, and managerial and technical competence and experience directly related to, the type of business in which the firm is engaged and the firm's operations. The minority and women owners are not required to have experience or expertise in every critical area of the firm's operations, or to have greater experience or expertise in a given field than managers or key employees. The minority and women owners must have the expertise, technical competence, and ability to intelligently and critically evaluate information presented by other participants in the firm's activities and to use this information to make independent decisions concerning the firm's daily operations, management, and policymaking. Generally, expertise

ORDINANCE NO. 180099

limited to office management, administration, or bookkeeping functions unrelated to the principal business activities of the firm is insufficient to demonstrate control.

- (7) If state or local law requires the persons to have a particular license or other credential in order to own and/or control a certain type of firm, then the minority or women persons who own and control a potential MBE/WBE firm of that type must possess the required license or credential. If state or local law does not require such a person to have such a license or credential to own and/or control a firm, the director must not deny certification solely on the ground that the person lacks the license or credential. However, the director may take into account the absence of the license or credential as one factor in determining whether the minority or women owners actually control the firm.
- (8) The director may consider differences in remuneration between the minority and women owners and other participants in the firm in determining whether to certify a firm as an MBE/WBE. Such consideration shall be in the context of the duties of the persons involved, normal industry practices, the firm's policy and practice concerning reinvestment of income, and any other explanations for the differences proffered by the firm. The director may determine that a firm is controlled by its minority or woman owner although that owner's remuneration is lower than that of some other participants in the firm. In a case where a non-minority or non-woman individual formerly controlled the firm, and a minority or women individual now controls it, the director may consider a difference between the remuneration of the former and current controller of the firm as a factor in determining who controls the firm, particularly when the non-minority or non-woman individual remains involved with the firm and continues to receive greater compensation than the minority or woman individual.
- (9) In order to be viewed as controlling a firm, a minority or woman owner cannot engage in outside employment or other business interests that conflict with the management of the firm or prevent the individual from devoting sufficient time and attention to the affairs of the firm to control its activities. For example, absentee ownership of a business and part-time work in a full-time firm are not viewed as constituting control. However, an individual could be viewed as controlling a part-time business that operates only on evenings and/or weekends, if the individual controls it all the time it is operating.
- (10) A minority or woman individual may control a firm even though one or more of the individual's immediate family members (who themselves are not minorities or women) participate in the firm as a manager, employee, owner, or in another capacity. Except as otherwise provided in this paragraph, the director must make a judgment about the control the

ORDINANCE NO. 180099

minority or woman owner exercises vis-à-vis other persons involved in the business as in other situations, without regard to whether or not the other persons are immediate family members. If the director cannot determine that the minority or woman owners, as distinct from the family as a whole, control the firm, then the minority or woman owners have failed to carry their burden of proof concerning control, even though they may participate significantly in the firm's activities.

- (11) Where a firm was formerly owned and/or controlled by a non-minority or non-woman individual (whether or not an immediate family member), ownership and/or control were transferred to a minority or woman individual, and the non-minority or non-woman individual remains involved with the firm in any capacity, the minority or woman individual now owning the firm must demonstrate to the director, by clear and convincing evidence, that:
 - a. The transfer of ownership and/or control to the minority or woman individual was made for reasons other than obtaining certification as an MBE/WBE; and
 - b. The minority or woman individual actually controls the management, policy, and operations of the firm, notwithstanding the continuing participation of a non-minority or non-woman individual who formerly owned and/or controlled the firm.
- (12) In determining whether a firm is controlled by its minority or women owners, the director shall consider whether the firm owns equipment necessary to perform its work. However, the director must not determine that a firm is not controlled by minority or women individuals solely because the firm leases, rather than owns, such equipment, where leasing equipment is a normal industry practice and the lease does not involve a relationship with a prime contractor or other party that compromises the independence of the firm.
- (13) The director shall grant certification to a firm only for specific types of work in which they are currently functioning and in which the minority or women owners have the ability to control the firm. To become certified in an additional type of work, the firm needs to demonstrate to the director that its minority or women owners are able to control the firm with respect to that type of work. The director may not, in this situation, require that the firm be recertified or submit a new application for certification, but must verify the minority or women owner's control of the firm in the additional type of work.
- (14) A business operating under a franchise or license agreement may be certified if it meets the standards in this subpart and the franchiser or licensor is not affiliated with the franchisee or licensee. In determining

ORDINANCE NO. 180099

whether affiliation exists, the director should generally not consider the restraints relating to standardized quality, advertising, accounting format, and other provisions imposed on the franchisee or licensee by the franchise agreement or license, provided that the franchisee or licensee has the right to profit from its efforts and bears the risk of loss commensurate with ownership. Alternatively, even though a franchisee or licensee may not be controlled by virtue of such provisions in the franchise agreement or license, affiliation could arise through other means, such as common management or excessive restrictions on the sale or transfer of the franchise interest or license.

- (15) In order for a partnership to be controlled by minority or women individuals, any non-minority or non-women partners must not have the power, without the specific written concurrence of the minority or women partner(s), to contractually bind the partnership or subject the partnership to contract or tort liability.
- (16) The minority or women individuals controlling a firm may use a professional and commercial employee leasing company. The use of such a company does not preclude the minority or woman individuals from controlling their firm if they continue to maintain an employer-employee relationship with the leased employees. This includes being responsible for hiring, firing, training, assigning, and otherwise controlling the on-the-job activities of the employees, as well as ultimate responsibility for wage and tax obligations related to the employees.
- (17) The director may consider, in making certification decisions, whether a firm has exhibited a pattern of conduct indicating its involvement in attempts to evade or subvert the intent or requirements of the MBE/WBE program.
- (18) The director shall evaluate the eligibility of a firm on the basis of present circumstances. The director shall not refuse to certify a firm based solely on historical information indicating a lack of ownership or control of the firm by the minorities or women at some time in the past, if the firm currently meets the ownership and control standards of this part.
- (19) MBE/WBE firms and firms seeking MBE/WBE certification shall cooperate fully with the director's requests (and DOT requests) for information relevant to the certification process. Failure or refusal to provide such information is a ground for a denial or removal of certification.
- (20) An eligible MBE/WBE firm must be owned by individuals who are minorities and women. Except as provided in this paragraph, a firm that is not owned by such individuals, but instead is owned by another firm—even an MBE/WBE firm—cannot be an eligible MBE/WBE.

ORDINANCE NO. 180099

- a. If the minorities or women own and control a firm through a parent or holding company, established for tax, capitalization or other purposes consistent with industry practice, and the parent or holding company in turn owns and controls an operating subsidiary, the director may certify the subsidiary if it otherwise meets all requirements of this section. In this situation, the individual owners and controllers of the parent or holding company are deemed to control the subsidiary through the parent or holding company.
- b. The director may certify such a subsidiary only if there is cumulatively 51 percent ownership of the subsidiary by the minority and women individuals. The following examples illustrate how this cumulative ownership provision works: Amending Chapter 3, Code of Ordinances, by repealing Sections 3-421 through 3-500 and enacting in lieu thereof new sections of like numbers and subject matters that authorizes updates to Minority & Women's Business Enterprise Program based on the 2016 Disparity Study.

Example 1: Minority and women individuals own 100 percent of a holding company, which has a wholly-owned subsidiary. The subsidiary may be certified, if it meets all other requirements.

Example 2: Minority and women individuals own 100 percent of the holding company, which owns 51 percent of a subsidiary. The subsidiary may be certified, if all other requirements are met.

Example 3: Minority and women individuals own 80 percent of the holding company, which in turn owns 70 percent of a subsidiary. In this case, the cumulative ownership of the subsidiary by minority and women individuals is 56 percent (80 percent of the 70 percent). This is more than 51 percent, so the director may certify the subsidiary, if all other requirements are met.

Example 4: Same as example 2 or 3, but someone other than minorities or women owners of the parent or holding company controls the subsidiary. Even though the subsidiary is owned by minority or women individuals, through the holding or parent company, the director cannot certify it because it fails to meet control requirements.

Example 5: Minority or women individuals own 60 percent of the holding company, which in turn owns 51 percent of a subsidiary. In this case, the cumulative ownership of the subsidiary by minority or women individuals is about 31 percent. This is less than 51 percent, so the director cannot certify the subsidiary.

Example 6: The holding company, in addition to the subsidiary seeking certification, owns several other companies. The combined gross receipts of the holding companies and its subsidiaries are

ORDINANCE NO. 180099

greater than the size standard for the subsidiary seeking certification and/or the gross receipts cap. Under the rules concerning affiliation, the subsidiary fails to meet the size standard and cannot be certified.

- (21) Recognition of a business as a separate entity for tax or corporate purposes is not necessarily sufficient to demonstrate that a firm is an independent business, owned and controlled by minority and women individuals.

(n) An MBE/WBE's certification shall be updated annually. An application for renewal shall be submitted on forms provided by the director. The director is authorized to require MBE/WBE's firms to submit yearly updates of information including, but not limited to, current licenses and federal, state and local tax returns and schedules (business and personal), and all other forms that are required to be included with or attached to the return at the time of filing.

(o) Once certified, an MBE/WBE must notify the department in writing within 30 calendar days of any change(s) in circumstances affecting the firm's ability to meet ownership, control, or size requirements or any material change(s) in the information provided in the certification application process. The statement must include supporting documentation describing in detail the nature of such changes. Change(s) in management responsibility among members of a limited liability company are also covered by this requirement. If the MBE/WBE fails to make timely notification of such change(s), it will be deemed to have failed to cooperate and certification may be revoked.

(p) The director shall safeguard information that reasonably may be regarded as confidential business information from disclosure to unauthorized persons consistent with federal, state and local law.

(q) If the United States Department of Transportation changes the requirements for certifications, the city council shall re-examine the certification requirements imposed by this section.

- (r) Appeals of denials of certification.

- (1) If the city denies a request for MBE/WBE certification from a firm which is not currently certified by the city, then the firm shall be ineligible to reapply for MBE/WBE certification for one year from the later of the date of the denial of certification or the final date of any decision on an appeal.
- (2) Persons who have applied for DBE certification in conjunction with MBE/WBE certification and have been denied MBE/WBE certification may be certified if the reason(s) for denial is solely for MBE/WBE certification criteria equivalent to the DBE certification criteria and they successfully appeal their DBE certification and otherwise fulfill the requirements for MBE/WBE certification.

ORDINANCE NO. 180099

- (3) Persons who have applied for MBE/WBE certification and who have not applied for DBE status may appeal the denial of certification to the same extent and subject to the same provisions applicable to appeals of revocation of certification, except as provided in (4) of this subsection.
- (4) In circumstances where a firm has failed to submit required documentation, failed to demonstrate real and substantial presence, or exceeded business size standards, there will be no administrative reconsideration of a denial of MBE/WBE certification.

(s) *Appeals of revocations of certification.*

- (1) Persons who have who have had their MBE/WBE certification revoked by the department may be reinstated if the reason(s) for revocation is solely for MBE/WBE certification criteria equivalent to the DBE certification criteria and they successfully appeal their DBE certification, and they otherwise fulfill the requirements for MBE/WBE certification. If a person was certified as a DBE, the person must follow the UCP appeal procedures and there is no city appeal.
- (2) In circumstances where a certified firm has failed to submit required documentation, failed to demonstrate real and substantial presence, or exceeded business size standards, there will be no administrative reconsideration of a revocation of MBE/WBE certification.
- (3) Upon the revocation of certification as an MBE/WBE/DBE or mentor/protégé by the department, the director shall notify the affected party in writing by certified mail, setting forth the reason(s) for the revocation of certification. Except as provided in (1) and (2) of this subsection, any firm who has had certification as an MBE/WBE or mentor/protégé revoked by the department may appeal the decision by filing a written notice of appeal as designated by the director within 20 business days of receipt of the notice of the revocation of certification. The procedures applicable to any appeal shall be as follows:
 - a. The written notice of appeal must state the reason(s) for the appeal and include all supporting documentation to be considered for the appeal. The information or documentation submitted is limited to the issue(s) raised in the written notice of appeal. No new or additional documentation or information shall be considered for the appeal without a showing by the firm that it was not available or, through due diligence, could not have been made available. The written notice must specify whether the firm wishes to appeal in writing and/or appear personally for a hearing and if they intend to be accompanied by counsel.
 - b. Within ten business days of receipt of the notice of appeal from the aggrieved party, the director shall forward the notice to a neutral

ORDINANCE NO. 180099

hearing officer selected through the city's standard procurement process.

- c. Within ten business days from the date of receipt of the notice from the director, the hearing officer shall set a hearing date. The hearing officer shall cause notice of the hearing to be served upon all parties by certified mail. Such notice shall set forth with particularity the charges filed by the aggrieved business and shall include the hearing date, time, and place.
- d. At the hearing, all parties shall be provided a fair and impartial hearing and shall be allowed to make a presentation concerning the determination of noncompliance with the requirements of this article or the revocation of certification as an MBE/WBE or mentor/protégé. Legal counsel may accompany the firm during the hearing, speak on behalf of the firm, respond to questions, and otherwise make a presentation. Each owner will be limited to a period of 15 minutes to address the hearing officer, unless extended by the hearing officer for good cause. Reasonable accommodations will be made for those with disabilities and/or limited language proficiency. For the appeal, the burden of proof rests on the MBE/WBE or mentor/protégé to show that the revocation of certification was improper.
- e. The hearing officer shall, within 15 business days of the hearing or within 15 days of the deadline set by the hearing officer for the submission of any additional documentation, if applicable, make a written decision on the appeal, which decision shall affirm, alter, or reverse the revocation of certification by the department. Written notice of the decision on the appeal shall be sent to all parties by mail setting forth the reasons for the decision.
- f. If the hearing officer finds for the aggrieved party, as appropriate, the business shall be reinstated as an MBE/WBE or mentor/protégé and added to the certification database maintained by the department. The decision of the hearing officer shall be binding on all parties, subject to the right of appeal as provided by law.
- g. The firm that receives a decision from the hearing officer upholding the revocation of certification is ineligible to reapply for MBE/WBE certification for two years from the later of the date of the revocation of certification, or the final date of any court decision.

(t) The city manager is authorized to revoke MBE and WBE certification for cause. The certification of a person who has been debarred by the city in a debarment proceeding shall be automatically terminated or modified in a manner provided by the

debarment ordinance. If an MBE/WBE has its DBE or MBE/WBE certification revoked by another governmental entity after a hearing, its MBE/WBE certification shall automatically be terminated with the city unless the MBE/WBE's certification was revoked for violating a certification requirement that is not a violation of the city's MBE/WBE certification requirements. No individual, corporation, partnership, limited liability company or any other business entity whatsoever shall be certified as an MBE or WBE if the minority or female whose ownership interest would serve as the basis for obtaining certification, or who would control the entity seeking certification, presently owns or previously owned a majority interest in or controlled an MBE or WBE whose certification has been revoked for cause within the five year period immediately preceding the submittal of the certification application. No individual, corporation, partnership, limited liability company or any other business entity whatsoever shall be certified as an MBE or WBE if the minority or female whose ownership interest would serve as the basis for obtaining certification, or who would control the entity seeking certification, presently owns or previously owned a majority interest in or controlled an MBE or WBE whose certification has been suspended for cause, provided however that this restriction shall last no longer than the term of the suspension.

(u) MBE/WBE program graduation.

Amending Chapter 3, Code of Ordinances, by repealing Sections 3-421 through 3-500 and enacting in lieu thereof new sections of like numbers and subject matters that authorizes updates to Minority & Women's Business Enterprise Program based on the 2016 Disparity Study.

division. Such an MBE or WBE and any affiliate that has exceeded the graduation criteria in one NAICS code shall be deemed to be graduated from the MBE/WBE contracting program as to that major group, and may continue to be certified in another NAICS code having a higher monetary graduation level but shall no longer be considered eligible to be or remain certified in the NAICS code with the lower size standard. An MBE or WBE that has exceeded the graduation criteria for the largest NAICS code applicable to its activities shall be deemed to be graduated from the MBE/WBE program for all purposes.

- (2) The department shall send a graduation determination letter which shall serve to notify the MBE or WBE that it has graduated from the MBE/WBE program. The mailing of the graduation determination letter shall trigger a three-year termination period. During the termination period, an MBE or WBE may bid and perform work to the same extent it was able to do so before graduation, and its utilization may be applied towards satisfaction of contract goals, if any, to the extent it is performing a commercially useful function corresponding to a NAICS code in which it was certified prior to graduation.
- (3) The termination period shall expire three years from the date of mailing of the graduation determination letter. Any work bid by the graduated MBE or WBE after expiration of the termination period shall not be applied

towards satisfaction of contract goals, if any. Any work performed by the graduated MBE or WBE after expiration of the termination period shall not be applied towards satisfaction of contract goals, if any, unless the work was commenced or is scheduled to commence pursuant to solicitation made prior to the expiration of the termination period.

- (4) During the termination period, the MBE or WBE shall comply with the requirements of this article to the same extent it was required to comply prior to graduation. A failure to do so may result in the reduction or elimination of the termination period.
- (5) Application to affiliates. The graduation criteria set forth above shall be deemed to apply to the minorities or women upon whom eligibility for certification is based and all affiliates to such minorities and women. No business enterprise shall be certified based upon one or more minorities or women who owned or who was an affiliate of an MBE or WBE which has become ineligible for renewed certification because of the achievement of graduation criteria.

Sec. 3-462. Reserved.

Sec. 3-463. Duties and authority of director.

(a) The director is hereby authorized to establish rules and regulations to implement this division.

(b) Notwithstanding any other section to the contrary, the director is hereby authorized to establish rules and regulations to implement the city's MBE/WBE program requirements into contracts that utilize alternative construction delivery methods pursuant to chapter 3, Code of Ordinances, or other alternative procurement or contracting methods if the contract would be subject to MBE/WBE goals under this article. Except for cooperative agreements that involve construction, the fairness in construction board shall set the MBE/WBE goals for construction contracts.

(c) The director shall, in addition to any other duties specified herein:

- (1) Administer and enforce this article to ensure that MBE/WBEs have equal opportunity to participate in city contracts and subcontracts and work with all city department directors and agency heads to implement the city's MBE/WBE program; and
- (2) Coordinate the establishment of MBE/WBE methodologies with all city departments and agencies including establishment of goals, except goals for construction contracts subject to section 3-453 hereof, as may be appropriate to remedy underutilization of MBE/WBEs; and
- (3) Update the M/W/DBE Kansas City Mo. Online Directory available to all bidders, proposers, the general public, city departments and agencies; and

ORDINANCE NO. 180099

- (4) Assist city departments and agencies in finding qualified MBEs and WBEs to participate in contracts; and
- (5) Identify appropriate participation opportunities for qualified MBEs and WBEs in contracts; and
- (6) Publish an annual report for the city's fiscal year which states for each city department and agency:
 - a. The number of contracts awarded and the total contract dollars awarded pursuant to such contracts; and
 - b. The number of prime contracts awarded to WBEs and MBEs as identified by race and/or ethnicity and the total dollars awarded and paid pursuant to such contracts; and
 - c. The number of subcontracts awarded to WBEs and MBEs as identified by race and/or ethnicity and the total contract dollars awarded and paid pursuant to such contracts; and
 - d. A summary of total waiver requests submitted that are granted or denied and the reasons for the grant or denial; and
 - e. The number of MBE/WBE firms certified by race and/or ethnicity; and
- (7) Provide a compliance report to the city manager within 30 days after the end of each quarter which shall include:
 - a. The total number of contracts awarded and the total contract dollar amount awarded pursuant to such contracts; and
 - b. The number of contracts awarded to qualified MBEs as identified by race and/or ethnicity and WBEs and the total contract dollar amount awarded and paid pursuant to such contracts; and
 - c. The director of human relations evaluation of the city's progress toward meeting MBE/WBE utilization plans and any actions he or she intends to take to address any shortfall in meeting the goals established in such plans; and
 - d. Any other information as may be required by the city manager; and
- (8) Provide periodic compliance reports to the applicable incentive agency for contracts entered into in connection with 3-425(b) and 3-425(c) updating the incentive agency as to the project developer's compliance with the M/WBE goals and work with the applicable incentive agency to assist developers who are not compliant. Failure of the director to furnish these

ORDINANCE NO. 180099

reports does not absolve incentive agency or developer from complying with the processes outlined by agreement with the incentive agency; and

- (9) Develop and maintain relationships with organizations representing contractors, including minorities and women organizations, and solicit their support for the city's program; and
- (10) Furnish staff assistance to the fairness in construction board. This shall include but not be limited to providing to the board within thirty days following the end of each quarter interim reports containing the information described in subsection (6) and such other reports and information as the board, from time to time, may request; and
- (11) Implement any federal or state minority business enterprise program required by law or federal or state contract; and
- (12) Appoint a designated neutral hearing examiner for certification revocation hearings.

Sec. 3-464. Reserved.

Sec. 3-465. Penalties for noncompliance; no retaliation.

(a) Whenever a bidder, proposer or contractor has submitted a bid that is not in material compliance with the requirements of Division, the contracting department or agency shall reject the bid or proposal unless the goals are waived pursuant to section 3-437.

(b) The director is authorized to recommend suspension, revocation, sanction or debarment of any contract or contractor, as appropriate, for providing false or misleading information to the department, purposefully omitting or refusing to provide information requested by the department, or otherwise violating any provision of this division.

(c) The director is authorized to suspend or revoke the certification of an MBE/WBE or mentor/protégé, as appropriate, for providing false or misleading information to the department, purposefully omitting or refusing to provide information requested by the department, or otherwise violating any provision of this division, without having to make a recommendation to any other person or department.

(d) Sanctions shall be imposed in conformity with any applicable federal, state or local laws. In determining whether to suspend or revoke the certification an MBE/WBE or mentor/protégé, the director shall consider the following factors:

- (1) Whether the failure to comply with applicable requirements involved intentional conduct or, alternatively, may be reasonably concluded to have resulted from a misunderstanding on the part of the MBE/WBE or mentor/protégé; and

ORDINANCE NO. 180099

- (2) The number of specific incidents of failure by the MBE/WBE or mentor/protégé to comply; and
- (3) Whether the MBE/WBE or mentor/protégé has been previously suspended; and
- (4) Whether the MBE/WBE or mentor/protégé has failed or refused to provide the director with any information requested by the director or required to be submitted to the director pursuant to law or these procedures; and
- (5) Whether the MBE/WBE or mentor/protégé has materially misrepresented any applicable facts in any filing or communication to the director; and
- (6) Whether any subsequent restructuring of the subject business or other action has been undertaken to cure the deficiencies in meeting applicable requirements.

(e) Suspensions may be for any length of time not to exceed five years. Suspensions in excess of one year and revocations of certification shall be reserved for cases involving intentional or fraudulent misrepresentation or concealment of material facts, multiple acts in contravention of applicable requirements, cases where the MBE/WBE or mentor/protégé has been previously suspended, or other similarly egregious conduct.

(f) The making of any false or misleading statements shall be grounds for application of any applicable criminal and or civil penalties in addition to the grounds for sanction.

Sec. 3-467. Mediation of disputes.

(a) Any claim or dispute between a contractor, subcontractor or supplier that remains unresolved after 30 calendar days shall be subject to mandatory mediation conducted in accordance with the rules of the Uniform Mediation Act. The mediation shall be conducted by an impartial mediator appointed by the department, who shall render his or her services with full regard for each party's interests. If the subject matters of the dispute or the parties to the dispute are such that the assigned mediator would have a conflict of interest or personal interest in the outcome of the mediation, he or she shall immediately be recused and another mediator shall be appointed.

ORDINANCE NO. 180099

(b) The procedures for the mediation shall be established by the appointed mediator in conjunction with the parties, who shall attempt to resolve their dispute in good faith.

(c) Except to the extent disclosure is otherwise required by law, the mediation and the terms of any settlement reached by the parties shall remain confidential.

(d) The mediation provided for by this section shall be a condition precedent to the initiation or pursuit of any other lawful means of resolving the dispute, including arbitration and other legal proceedings.

(e) The contractors shall share equally the expense of the mediator's fee. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

(f) Every contractor entering into a contract as defined by section 3-421(a) (13) shall incorporate the provisions of this section into each related agreement with a subcontractor or supplier, but the failure to do so shall not alleviate the obligation of the parties to utilize the mediation provided for herein as a condition precedent to the initiation or pursuit of any other lawful means of resolving the dispute, including arbitration and other legal proceedings. The requirements of this section shall be deemed incorporated into each related agreement by operation of law and shall supplant any term or provision, written or oral, to the contrary.

Sec. 3-468. Reserved.

Sec. 3-469. Severability.

The provisions of this division are severable. If any provision or its application to any person or circumstance is held invalid by a court of competent jurisdiction, the remaining provisions, including the application of such provisions to other persons or circumstances, shall continue in full force and effect.
