*TSI Geotechnical is currently conducting materials testing for the Design-Build. Carollo lost TSI Geotechnical to the Design-Build Team following the completion of the Preliminary Design Phase of the Design Professional Contract. Please note that this departure of M/WBE subconsultants from the Carollo/Jacobs team mentioned was anticipated and encouraged by the Water Services Department, as the Design Build teams competing for the Design-Build contract represented a larger business opportunity for the M/WBE firms that elected to leave the Carollo Design Professional team upon issuance of the RFP.*

*Carollo has identified Kansas City Engineering & Testing, LLC, a City-recognized WBE firm, as an additional team member with appropriate skills and capacity to assist on this project, and are requesting to add them to our CUP which will enable the City to demonstrate further dedication to promotion of local MBE/WBE firms.*
