Executive Summary

Authorizing the Director of Water Services to execute a \$1,500,000.00 construction contract with Haines & Associates Construction Company, Inc., for the WD Emergency Valve Replacements, Renewal No. 1 project; authorizing three successive renewal options with further City Council approval; and establishing an ordinance effective date.

Discussion

Project Justification

KC Water is undertaking this project to make emergency repairs primarily on water valves, but may also include hydrants and water services, throughout the City's water distribution system.

Project Description//Ordinance Summary/Contract Summary

The City assigns work orders based on the department's needs. There will be scheduled water distribution asset replacements as well as emergency water distribution asset replacements.

The work is scheduled and priority Code 3 emergency work that includes excavating water mains and valves with one full time crew and additional crews based on KC Water's needs.

Work will be located throughout Kansas City, Missouri.

City Council passed Ordinance No. 250354 on May 1, 2025 authorizing a \$1,500,000.00 construction contract with Haines & Associates Construction Company, Inc., for the WD Emergency Valve Replacements project; and authorizing four successive renewal options with further City Council approval.

The City executed a \$150,000.00 change order on December 19, 2025 adding additional funds to bridge the gap to execution of this proposed Renewal No. 1 contract.

This proposed ordinance is for the first of four renewal options for this contract in the amount not to exceed \$1,500,000.00 based on unit prices to complete restoration work orders.

This proposed ordinance will become effective on May 1, 2026.
