Subject: Vote YES - Ordinance 230613 and Resolution 230618

Dear Members of the City Council,

I've been Hyde Park homeowner since 2004. I've watched our neighborhood grown and change a lot since then. With a higher concentration of young people and families, I think it's important to emphasize safer streets and alternatives to automobile as transportation. Children need to be able to walk safely to school. Adults need ways to commute to work, school and run errands without having to rely so much on their cars.

Please vote in support of Ordinance 230613 and Resolution 230618.

Regards,
