

City of Kansas City, Missouri

Docket Memo

Ordinance/Resolution #: 250365

Submitted Department/Preparer: City Planning

Revised 6/10/24

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

Rezoning an area of about 20 acres generally located at the southwest corner of Northwest 68th Street and North Madison Avenue from District R-80 to District R-6 and approving a development plan to allow for the creation of 57 lots and 5 tracts for the purpose of a single unit home development. (CD-CPC-2025-00033 & CD-CPC-2025-00034).

Discussion

REZONING REVIEW

The applicant is proposing to rezone 20.51 acres from District R-80 to District R-6. This rezoning will allow for a medium density residential development. The project site is a vacant parcel made up of 2 unplatted parcels. The proposed rezoning is associated with an accompanying Development Plan.

The future land use as identified in the Line Creek Area Plan for this site is residential low density. This future land use corresponds with the R-7.5 and R-10 zoning districts. The Community Planning Division identified the need for an Area Plan Amendment to update these parcels to Residential Medium Density which has been submitted under a separate Resolution Request.

DEVELOPMENT PLAN REVIEW

The applicant is seeking approval of a Development Plan in proposed District R-6 on approximately 20 acres generally located at the southwest corner of Northwest 68th Street and North Madison Avenue allowing for the creation of 57 lots and 5 tracts for the purpose of a single unit home development.

The proposed subdivision will divide the existing unplatted parcel into 57 lots. In accordance with R-6 Zoning District requirements, all lots must be a minimum of 6,000 square feet. Proposed lot sizes range from 7,146 to 15,474 square feet, with an average lot size of approximately 8,000 square feet. While the R-6 district mandates

a minimum lot width of 50 feet, the developer is proposing a minimum width of 54 feet. No deviations from the standard R-6 setback requirements are being requested.

Access to the site will come from the new vehicular entrances from the north on Northwest 68th Street and the west on North Holly Street. In addition, the development will improve and utilize an existing paper street to the east, connecting to N. Madison Avenue. A stub street is also included at the southern boundary, allowing for future connection to adjacent properties when developed.

In response to staff recommendations, the applicant has incorporated additional pedestrian connections, including a trail through Tract D to promote connectivity and safe pedestrian access across the site. These trails allow movement from east to west within the tracts, separated from vehicular traffic. A pedestrian trail has also been included in Tract A, which is planned to feature a dog park.

Landscaping details will be finalized with the Project Plan, which must be approved prior to the Final Plat. Preliminary landscape plans include a variety of deciduous shade trees, evergreens, and street trees, in compliance with Section 88-445 of the Zoning and Development Code.

There are no architectural standards proposed with this Development Plan. Each residential house will be individually designed.

Two members of the public provided testimony at the CPC meeting.

Staff Recommendation: Approval with Conditions

CPC Recommendation: Approval with Conditions

Fiscal Impact

1. Is this legislation included in the adopted budget? ☐ Yes ☒ No
2. What is the funding source?
Not applicable as this is an ordinance authorizing the rezoning and development of private property.
