Discussion

The applicant is seeking approval of a Final Plat in District M2-2 for approximately 66 acres generally located at the northwest corner of Interstate 435 and East 63rd Trafficway. The plat proposes the creation of two lots intended for industrial development.

This request follows the approval of Case No. CD-CPC-2024-00152, which served as the Preliminary Plat. The Development Plan approved a two-story metal office building to support existing quarrying, land reclamation, and excavation operations. The proposed development will not include any new access points from East 63rd Trafficway and will utilize the existing entrance.

The Final Plat is consistent with the previously approved Preliminary Plat and complies with the lot and building standards outlined in Section 88-130 of the Zoning and Development Code.
