PLAN REVIEW

The street proposed to be vacated is an improved section of public right-of-way that currently dead-ends approximately 260 feet south of Northeast Barry Road and North Cleveland Avenue. The proposed 17,000 square foot vacation of right-of-way was proposed during the development plan process. Ordinance No. 250276 proposes to demolish the road and create a new road that will continue to the southeast and eventually end. There is an additional application that will vacate Northeast Barry Road east of North Cleveland Avenue to the west.

There are public and private utilities located within the right-of-way. Water Services has a water main on the west side of North Cleveland Avenue. The Water Services Department is requiring the applicant retain an easement or have the utilities relocated. Evergy and Spectrum Charter also have utilities located in the right-of-way which will require an easement be retained or the utilities be relocated. AT&T has utilities in the right-of-way, but have agreed to relocate them, if the applicant will allow 30-60 days to retire the existing cable in place.
