Re: **CLD-FnPlat-2024-00011** - A request to approve a Final Plat in District B2-2 (Business) to allow for the creation of two lots and one tract on about 3.5 acres generally located at the southwest corner of NE 99th St and N Cedar Ave.

Dear Art Akin:

At its meeting on August 21, 2024, the City Plan Commission acted as follows on the above-referenced case.

Approved with Conditions

The Commission's action is only a recommendation. Your request must receive final action from the Proceeding to next step. All conditions imposed by the Commission, if any, are available on the following page(s).

PLEASE READ CONDITIONS CAREFULLY as some or all of the conditions imposed may require action on your part to proceed to the next step.

- If revised plans are required, you must make such revisions and upload the revised plans prior to proceeding to final action.
- If revised plans are not required, your request will automatically be submitted for Proceeding to next step consideration.

If you have any questions, please contact me at justin.smith@kcmo.org or (816) 513-8823.

Sincerely,

A handwritten signature in cursive script that reads "Justin Smith".

Justin Smith
Planner

Condition(s) by City Planning and Development Department. Contact Justin Smith at (816) 513-8823 / justin.smith@kcmo.org with questions.

1. That prior to submitting documents for final approval the applicant upload Paid Tax Receipts for the most recent applicable year.
2. That prior to submitting documents for the final approval of conditions the applicant update the plat to reflect the correct City Plan Commission Date, Ordinance Number, and Council Approval Date by utilizing the Official City Signature Block found under Table 7 in the Directors Minimal Submittal Requirements and insert Case No. CLD-FnPlat-2024-00011.
3. That prior to submitting documents for the final approval of conditions the applicant ensure that the Title Report is current within 90 days or submit an updated Title Report.
4. That prior to recording the Final Plat the developer shall upload and secure approval of a Street Tree Planting Plan from the City Forester.
5. That prior to issuance of the Certificate of Occupancy for each lot within the plat the developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that street trees have been installed in accordance with the approved Street Tree Planting Plan and are healthy.
6. That prior to submitting documents for the final approval of conditions the applicant update the plat to add the tabular data from table 6 of the director's minimum submittal requirements.
7. That prior to submitting documents for the final approval of conditions the applicant update the plat to reference the name of the covenant document to be recorded simultaneously with the plat per Sec. 88-408-E of the Zoning and Development Code.

Condition(s) by Public Works Department. Contact Terry Thomas at (816) 513-2510 / Terry.A.Thomas@kcmo.org with questions.

8. The developer shall submit a letter to the Land Development Division from a Licensed Civil Engineer, Licensed Architect, or Licensed Landscape Architect, who is registered in the State of Missouri, that identifies sidewalks, curbs, and gutters in disrepair as defined by Public Works Department's "OUT OF REPAIR CRITERIA FOR SIDEWALK, DRIVEWAY AND CURB revised 11/5/2013" and based on compliance with Chapters 56 and 64 of the Code of Ordinances for the sidewalks, curbs, and gutters where said letter shall identify the quantity and location of sidewalks, curbs, gutters that need to be constructed, repaired, or reconstructed to remedy deficiencies and/or to remove existing approaches no longer needed by this project. The developer shall secure permits to repair or reconstruct the identified sidewalks, curbs, and gutters as necessary along all development street frontages as required by the Land Development Division and prior to issuance of any certificate of occupancy permits including temporary certificate occupancy permits.
9. The developer shall submit a streetscape plan for approval and permitting by the Land Development Division prior to beginning construction of the streetscape improvements in the public right of way, and construct ADA compliant ramps at all required locations where new private drives are being added, or where existing sidewalks are modified or repaired.
10. The developer shall submit plans to the Land Development Division and obtain permits to construct sidewalks along the platted frontage of N Cedar Ave and to a tie-in point with the existing sidewalks. In addition, developer shall construct associated ADA ramps at the proposed entrance drives as necessary for the type of drive approach.
11. The developer shall submit verification of vertical and horizontal sight distance for the drive connection to public right-of-way to the Land Development Division and make improvements to ensure local jurisdiction and/or minimum AASHTO adequate sight distance standards are met, prior to issuance of any certificate of occupancy.
12. The developer shall integrate into the existing street light system any relocated existing street lights within the street right-of-way impacted by the new drive or approach entrances as required by the Land Development Division, and the relocated lights must comply with all adopted lighting standards.
13. The developer shall pay impact fees as required by Chapter 39 of the City's Code of ordinances as required by the Land Development Division.

Condition(s) by Water Services Department. Contact Lucas Kaspar at (816) 513-2131 / Lucas.Kaspar@kcmo.org with questions.

Condition(s) by Water Services Department. Contact Lucas Kaspar at (816) 513-2131 / Lucas.Kaspar@kcmo.org with questions.

14. The developer shall cause the area to be platted and processed in accordance with Chapter 88, Code of Ordinances of the City of Kansas City, Missouri, as amended, commonly known as the Development Regulations.
15. The owner/developer must submit plans for grading, siltation, and erosion control to KC Water for review and acceptance, and secure a Site Disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
16. The developer must secure permits to extend sanitary and storm water conveyance systems to serve all proposed lots within the development and determine adequacy of receiving systems as required by KC Water, prior to recording the plat or issuance of a building permit whichever occurs first.
17. The developer shall provide a private storm drainage easement for the private storm sewer main prior to issuance of any building permits.
18. The developer shall submit a detailed Micro storm drainage analysis from a Missouri-licensed civil engineer to KC Water showing compliance with the current, approved Macro study on file with the City and with current adopted standards in effect at the time of submission, including Water Quality BMP's, prior to approval and issuance of any building permits to construct improvements on the site or prior to recording the plat, whichever occurs first. The developer shall verify and/or improve downstream conveyance systems or address solutions for impacted properties due to flow contributions from the site; and that the developer construct any other improvements as required by KC Water as necessary to mitigate impacts from rate, volume, and quality of runoff from each proposed phase.
19. The developer shall submit an analysis to verify adequate capacity of the existing sewer system as required by KC Water prior to issuance of a building permit to connect private system to the public sewer main and depending on adequacy of the receiving system, make other improvements may be required.
20. The developer must grant a BMP Easement to the City as required by KC Water, prior to recording the plat or issuance of any building permits.
21. The developer must enter into a covenant agreement for the maintenance of any storm water detention area tracts as required by KC Water, prior to recording the plat.
22. The proposed storm sewer shall be a private main located within a private storm drainage easement and be covered by a Covenant to Maintain Private Storm Sewer Main acceptable to KC Water.
23. The developer shall provide a Covenant to Maintain Private Storm Sewer Main acceptable to KC Water for the private storm sewer main prior to the issuance of any building permits.
