Executive Summary

Authorizing the Manager of Procurement Services to execute a \$1,000,000.00 professional, specialized or technical services contract with the Mid America Assistance Coalition for the Low Income Assistance Program, Renewal No. 1 for a one-year term; approving two successive one-year renewal options with further Council approval.

Discussion

Project Justification/Project Description

The City Council established the Water Services Utility Funding Task Force in 2016 to integrate community values into a funding strategy for its water, wastewater, and stormwater utilities.

The Water Services Utility Funding Task Force recommended increasing the amount of customer assistance to benefit eligible low-income households to help pay for their water, wastewater, and stormwater utility bills.

The Water Services Department (WSD) desires to continue a public assistance program to aid low-income residents in payment of their water bills. WSD wants to contract with one umbrella social service agency, which then coordinates assistance with the other local social services agencies.

The Mid America Assistance Coalition (MAAC), a not-for-profit corporation, is a coordinating agency for emergency assistance organizations and homeless services providers in the Kansas City area. WSD sets the eligibility criteria and then sends payments to MAAC. Through MAAC, local social service agencies will be able to access a database and tap into the funds when a client meets the eligibility criteria. The social service agency will then write the check to WSD on behalf of the client.

MAAC has distributed utility funds to Kansas City area agencies since 1982, and currently provides this assistance service for Evergy (formerly known as Kansas City Power & Light) and others. MAAC uses MAACLink, a centralized computer database

system to fund and track performance of area agencies and the distribution of financial resources. Currently, their system links funding sources through more than fifty (50) agencies in the local service area. Through this program, they are able to meet our reporting requirements for all monies provided.

Term

The term of this project will be 365 days for Renewal No. 1. There will also be two successive one-year renewal options with further City Council approval. The amount of funding for future contracts will be determined at that time, subject to the availability and appropriation of funds in future annual budgets.

Solicitation

A solicitation waiver was approved by the City Manager on May 1, 2024 pursuant to Code of Ordinances 3-3(d)(3) and 3-7(2)(d). There is only one source for this service.

MBE/WBE Goals

CREO KC approved a waiver of goals on June 11, 2024 based on this contract is with a non-profit company.

Service Level Impacts

Providing financial assistance to low-income families for their water service bills benefits the City in several ways. It reduces collection costs, decreases levels of arrearages, and minimizes the number of service disconnections for those facing financial hardship in meeting this essential need. Moreover, such support fosters a positive relationship between the City and its community.

Other Impacts

1. What will be the potential health impacts to any affected groups?
Access to essential water services with this program for qualifying low-income individuals/households.
2. How have those groups been engaged and involved in the development of this ordinance?

5. Department staff certifies the submission of any application Affirmative Action Plans or Certificates of Compliance, Contractor Utilization Plans (CUPs), and Letters of Intent to Subcontract (LOIs) to CREO prior to, or simultaneously with, the legislation entry request in Legistar.

No - CREO's review is not applicable (Press tab after selecting)
Please provide reasoning why not:
CREO KC approved a waiver of MBE/WBE goals on June 11, 2024. MAAC has less than 50 employees, so the Affirmative Action Plan is not applicable to this contract.
