Executive Summary

Accepting and approving a \$71,149.00 grant award from the Missouri Department of Health and Senior Services to conduct tuberculosis control activities in Kansas City, Missouri; estimating and appropriating \$71,149.00 in the Health Grants Fund; and recognizing this ordinance as having an accelerated effective date

Discussion

Provisional data through August 2025 reveals eight (8) cases of active tuberculosis (TB) and greater than twenty (20) latent tuberculosis infections (LTBI) in Kansas City, Missouri. Each case of active disease must be treated with significant quantities of antibiotics to eliminate transmission to others while also thoroughly investigated to determine if exposure to others has occurred. These investigations also serve to locate additional cases of both active disease, and LTBI in the community. Individuals with LTBI are offered preventative treatment to reduce the chance of developing active disease later in life. This contract provides funding to assist with investigations as well as to provide "Directly Observed Therapy" (DOT) to ensure compliance and adequate treatment of the cases.
