<p>Discussion</p> <p>This ordinance authorizes the Director of Public Works to enter into a Congestion Mitigation Air Quality Agreement with the Missouri Highways and Transportation Commission through its Missouri Department of Transportation. This Agreement will allow the City to design and ROW acquisition related to complete street improvements along Vivion Rd approximately from N. Highland Avenue and Chouteau Trafficway in accordance with the Vivion Road Streetscape Plan.</p> <p>This ordinance also estimates and appropriates grant revenues in the amount of \$275,654.27 to pay for the cost of design and any necessary right-of-way acquisition.</p> <p>Is it good for the children? Yes</p> <p>How will this contribute to a sustainable Kansas City? Complete streets generally include a variety of features such as trails, sidewalks, or green infrastructure, that help promote the use of alternative forms of transportation and otherwise reduce environmental impacts. This helps contribute to making a more sustainable Kansas City.</p>
