Description of work:

A new procurement contract mechanism is needed to support the revised Missouri State Operating Permit (MO-0049531 [Permit]) for Birmingham, which has a requirement for biosolids removal within the holding cells to be land applied or removed routinely (with the total volume produced to be removed in a period not to exceed five years). Contract will provide for biosolids removal, dewatering, stabilization (if necessary), transportation and land application at the Birmingham Land Application Site (BLAS).
