PLAT REVIEW

The request is to consider approval of a Final Plat in B2-2 (Commercial) on about 10 acres generally located at the southwest corner of Northwest Cookingham Drive and Highway 169 creating three (3) lots and one (1) tract to allow for a residential townhome development. This use was approved in Case No. CD-CPC-2024-00084 which served as the Preliminary Plat. The Preliminary Plat proposed to develop 161 residential units within a mixture of building types on two lots. The plan also proposes to construct a new public street from North Jefferson Street extending west which will terminate in a cul-de-sac. The applicant is also proposing interior private streets. This Final Plat is in conformance with the Preliminary Plat as well as the lot and building standards of Section 88-120 of the Zoning and Development Code.

1. The developer shall submit an affidavit, completed by an ISA certified arborist, an SAF certified forester, a professional engineer, or a landscape architect licensed in the State of Missouri, verifying that all trees preserved and all trees planted to meet mitigation required of the approved plan, whichever is applicable, has been installed or preserved in accordance with the plan and is healthy prior to Certificate of Occupancy.
2. That prior to submitting documents for final approval the applicant shall upload Paid Tax Receipts for the most recent applicable year.
3. That prior to submitting documents for the final approval of conditions the applicant update the plat to reflect the correct City Plan Commission Date, Ordinance Number, and Council Approval Date by utilizing the Official City Signature Block found under Table 8 in the 2025 Director's Minimal Submittal Requirements and insert Case No. CLD-FnPlat-2025-00009.
4. That prior to recording of the Final Plat the developer shall secure approval of a project plan from the City Plan Commission for each Private Open Space Tract.
5. That prior to submitting documents for the final approval of conditions the applicant ensure that the Title Report is current within 90 days or submit an updated Title Report.
6. That prior to issuance of the Certificate of Occupancy for each lot within the plat the developer shall submit an affidavit, completed by a landscape architect licensed in the State of Missouri, verifying that street trees have been installed in accordance with the approved Street Tree Planting Plan and are healthy. This condition may be satisfied by an assigned City Planning and Development Building Inspector.
7. Prior to recording of the Final Plat the applicant must submit a Street Name Plan for the entire development and obtain approval from the Street Name Committee. Any subsequent amendments to the approved plan may, at the discretion of the Director of City Planning and Development, require submission and approval of a revised Street Name Plan. After approval of the Street Name Plan the plat must be updated to reflect the approved names. Please contact [justin.smith@kcmo.org](mailto:justin.smith@kcmo.org) for any questions of Street Name Plan approval.

12. The developer shall submit a streetscape plan for approval and permitting by the Land Development Division prior to beginning construction of the streetscape improvements in the public right of way, and construct ADA compliant ramps at all required locations where new street connections and/or private drives are being added, or where existing sidewalks are modified or repaired.
13. The developer shall submit a letter to the Land Development Division from a Licensed Civil Engineer, Licensed Architect, or Licensed Landscape Architect, who is registered in the State of Missouri, that identifies sidewalks, curbs, and gutters in disrepair as defined by Public Works Department's "OUT OF REPAIR CRITERIA FOR SIDEWALK, DRIVEWAY AND CURB revised 11/5/2013" and based on compliance with Chapters 56 and 64 of the Code of Ordinances for the sidewalks, curbs, and gutters where said letter shall identify the quantity and location of sidewalks, curbs, gutters that need to be constructed, repaired, or reconstructed to remedy deficiencies and/or to remove existing approaches no longer needed by this project. The developer shall secure permits to repair or reconstruct the identified sidewalks, curbs, and gutters as necessary along all development street frontages as required by the Land Development Division and prior to issuance of any certificate of occupancy permits including temporary certificate occupancy permits.
14. The developer shall integrate into the existing street light system any relocated existing street lights within the street right-of-way impacted by the new drive or approach entrances as required by the Land Development Division, and the relocated lights must comply with all adopted lighting standards.
15. After the City Plan Commission enters its disposition for the development plan, the developer shall not enter into any agreement that would encumber or otherwise have any impact on the proposed right-of-way dedications for the planned project without the prior written consent of the Land Development Division.
16. The developer shall submit plans to the Land Development Division and obtain permits to construct sidewalks along the platted frontage of N Jefferson St and to a tie-in point with the existing sidewalks. In addition the developer shall construct associated ADA ramps at the proposed entrance drives as necessary for the type of drive approach.
17. The developer must subordinate to the City all private interest in the area of any right-of-way dedication, in accordance with Chapter 88 and as required by the Land Development Division, prior to issuance of any construction permits within said right-of-way, and that the owner/developer shall be responsible for all costs associated with subordination activities now and in the future.
18. The developer shall pay impact fees as required by Chapter 39 of the City's Code of ordinances as required by the Land Development Division.
19. The developer must design and construct all interior public streets to City Standards, as required by Chapter 88 and the Land Development Division, including curb and gutter, storm sewers, street lights, and sidewalks.
20. The developer shall submit verification of vertical and horizontal sight distance for the drive connection to public right-of-way to the Land Development Division and make improvements to ensure local jurisdiction and/or minimum AASHTO adequate sight distance standards are met, prior to issuance of any certificate of occupancy.

*Condition(s) by Water Services Department. Contact Philip Taylor at / philip.taylor@kcmo.org with questions.*

21. The developer shall cause the area to be platted and processed in accordance with Chapter 88, Code of Ordinances of the City of Kansas City, Missouri, as amended, commonly known as the Development Regulations, by making application under said code for a Minor Subdivision and submitting and recording a Lot Consolidation Plat or replatting the property in accordance therewith.
22. The developer must submit a Macro storm drainage study with the first Plat or Phase, from a Missouri-licensed civil engineer to KC Water showing compliance with current adopted standards in effect at the time of submission, including Water Quality BMP's, to KC Water for review and acceptance for the disturbed area, and submit Micro storm drainage study with each subsequent Plat or Phase showing compliance with the approved Macro and adopted standards. The developer shall secure permits to construct any improvements as necessary to mitigate impacts from rate, volume, and quality of runoff from each proposed phase, prior to recording the plat or prior to issuance of a Building Permit, whichever occurs first as required by KC Water.
23. The developer must obtain the executed and recorded city approved grading, temporary construction, drainage/sewer, or any other necessary easements from the abutting property owner(s) that may be required prior to submitting any public improvements crossing properties not controlled by the developer and include said document(s) within the public improvement applications submitted for permitting.
