

# City of Kansas City, Missouri

## Docket Memo

Ordinance/Resolution #: 250784

Submitted Department/Preparer: Health

Revised 6/10/24

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

### Executive Summary

Accepting and approving a one year \$190,160.00 grant award with Missouri Department of Health and Senior Services for the City's Cities Readiness Initiative (CRI) program; estimating and appropriating the sum of \$190,160.00 in the Health Grants Fund; designating requisitioning authority; and recognizing this ordinance as having an accelerated effective date

### Discussion

Since public health threats are always present, being prepared to prevent, respond and rapidly recover from these types of events can save lives and protect the safety of our citizens.

This grant funding helps cover the planning functions and equipment needed to develop two unique public health operations, each which focuses on different planning functions.

The Cities Readiness Initiative builds off the Public Health Preparedness base program in the effort to enhance and expand the public health response capacity while building a more focused approach to large scale medication dispensing and vaccination efforts.

CRI program measures and evaluates the KCHD's plan regarding its ability to provide mass medication dispensing to the entire City of Kansas City' population within 24-48 hours.

Dispensing operation focus on the concepts of "Open" and "Closed" points of dispensing (POD)

Open PODS are those large scale public focused operations while closed PODS are those operations that are pre-arranged with large businesses and other organizations.

### Fiscal Impact

1. Is this legislation included in the adopted budget? ☐ Yes ☒ No

2. What is the funding source?

3. How does the legislation affect the current fiscal year?

## Service Level Impacts

The receipt of this contract's funding allows KCHD to continue its planning and response efforts, which better prepares the department's response to a public health emergency in an effective and efficient manner using an all-hazards approach. Having such plans developed helps not only with the longer-term operations of the department but also enhances the day-to-day operations of the KCHD.

Operational plans, equipment, and supplies that are developed/ procured from these funds continue to be relied upon and enhance everyday operations at the KCHD.

## Other Impacts

1. What will be the potential health impacts to any affected groups?  
All citizens and visitors of the City of Kansas City will benefit from the enhanced abilities that are developed by the KCHD during a public health emergency.
2. How have those groups been engaged and involved in the development of this ordinance?  
No
