

City of Kansas City, Missouri

Docket Memo

Ordinance/Resolution #: 260677

Submitted Department/Preparer: City Planning

Revised 01/30/25

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

Rezoning an area of about 7.6 acres generally located at 12220 NW Skyview Avenue from District AG-R to District B4-1 and approving a development plan to allow for a variety of uses and multiple buildings on one lot. (CD-CPC-2026-00028 & CD-CPC-2026-00027).

Discussion

The proposed development plan, in companion with area plan amendment and rezoning, were filed to abate zoning violations on the property. Three zoning violations were issued for uses not allowed in the AG-R district including warehousing, event venue, and outdoor vehicle storage. There are minimal site improvements proposed, as the two existing buildings on site are intended to remain. The former school building, the closest building to NW Skyview Avenue, is currently being reused as a mixed-use building including office, event venue, and sports and recreation, participant uses. The existing building to the west is being used as leasable storage space.

There are two existing curb cuts off NW Skyview Avenue providing access to the site and 60 parking spaces. There are gates on the north and south sides of the former school building providing security to the western portion of the site where the storage areas are located. The portion of land not covered by buildings is mostly gravel. The plans for the western parcel propose an additional 8,000 square foot building labeled as a indoor storage with gravel in front of it, while the majority of the parcel will remain used for agriculture.

Additional street trees will be provided. Proposed species include Maple and Honeylocust.

The City Plan Commission recommended continuance of this case from the April 15, 2026 hearing and directed the applicant to continue working with staff to revise the

development plan, as staff recommended denial of all companion cases. After multiple resubmittals, the applicant included a list of permitted uses for the site that correspond to uses in the Zoning and Development Code. They also identified proposed pavement for accessory outdoor storage and the total amount of gravel they are requesting a variance for through a separate application.

Staff recommended denial of the area plan amendment, rezoning, and development plan. CPC recommended approval of the area plan amendment and rezoning of only 1 of the subject parcels and approval with conditions of the development plan with the modification that it will only govern the parcel to be rezoned to B4-1.

Fiscal Impact

1. Is this legislation included in the adopted budget? ☐ Yes ☒ No
2. What is the funding source?
Not applicable as this ordinance authorizes physical development and change of zoning on a private property.
3. How does the legislation affect the current fiscal year?
Not applicable as this ordinance authorizes physical development and change of zoning on a private property.
4. Does the legislation have a fiscal impact in future fiscal years? Please notate the difference between one-time and recurring costs.
Not applicable as this ordinance authorizes physical development and change of zoning on a private property.
5. Does the legislation generate revenue, leverage outside funding, or deliver a return on investment?
Not applicable as this ordinance authorizes physical development and change of zoning on a private property.

Office of Management and Budget Review

(OMB Staff will complete this section.)
