## Docket Memo

Ordinance/Resolution #

Submitted Department/Preparer: Please Select

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

### Executive Summary

Authorizing a \$12,000,000.00 design professional services contract with Burns & McDonnell Engineering Company, Inc., for the Smart Sewer Program Management Services, Renewal No. 2 project; and establishing an effective date.

### Discussion

Project Justification: The City of Kansas City, Missouri has entered into a Consent Decree with the United States EPA to reduce the volume of overflows from the City's sewer system over a 30-year period. The City's Smart Sewer Program is currently in year 13 of a 30-year implementation period. This project will provide program management services to assist the City with continued implementation of its Smart Sewer Program.

Project Description: The scope of services to be performed under this contract includes the following program management services:

- Program management and administration to provide oversight and direction for program activities, project controls, compliance reporting, sewer asset management and data management support services;
- Contract administration support services for the development and implementation of Smart Sewer Program projects;
- Design and construction administration support services, and project management services for the implementation of Smart Sewer Program projects;
- Public communications and outreach services to support the implementation of the Smart Sewer Program including development of informational content and collateral, public outreach activities, and strategic communications;
- Sewer collection system planning, performance assessment, and sewer rehabilitation support services, including sewer manhole condition inspections, temporary flow monitoring, and modeling analyses for implementation of the Smart Sewer Program, and support of the City's Annual Sewer Rehabilitation program;
- Project management services to support continued implementation of the City's Private Inflow and Infiltration (I/I) Reduction Program; and
- Green Infrastructure planning and implementation support services to reduce combine sewer overflows, improve the water quality of local streams, and to integrate green infrastructure with grey structural overflow control measures and other City public capital improvement projects to optimize community benefits.

This project impacts Cass, Clay, Jackson, and Platte Counties, in Kansas City, Missouri and will have a 12-month service period in the amount of \$12,000,000.00.

Which CWBP goal is most impacted by this legislation?

Infrastructure and Accessibility (Press tab after selecting.)

Which objectives are impacted by this legislation (select all that apply):

- Enhance the City's connectivity, resiliency, and equity through a safe, efficient, convenient, inclusive, accessible, sustainable and better connected multi-modal transportation system *Enhance the City's connectivity, resiliency, and equity through a safe, efficient, convenient, inclusive, accessible, sustainable and better-connected multi-modal transportation system.*
- Develop environmentally sound and sustainable infrastructure strategies that improve quality of life and foster economic growth *Develop environmentally sound and sustainable infrastructure strategies that improve quality of life and foster economic growth*
- Increase and support local workforce development and minority, women, and locally-owned businesses *Increase and support local workforce development and minority, women, and locally owned businesses*
- Engage in efforts to strategically invest in the City's infrastructure and explore emerging technologies *Engage in efforts to strategically invest in the City's infrastructure and explore emerging technologies*

### Prior Legislation

Under ordinance 210347 KC Water exercised the option to renew its Design Professional Services Agreement with Burns & McDonnell Engineering Company, Inc. for the continuation of Overflow Control Program Management Services for renewals 4 - 7 of 9 one-year renewal options in accordance with RFQ/P solicitation for Design Professional Services under City Contract 1355 - Overflow Control Program Management (Ordinance No. 170375). This RFQ/P solicitation was for one year with nine (9) one-year options to renew at the sole discretion of the City. The City previously exercised renewal options 1 - 5 of 9 one-year renewals under City Contract Nos. 1538, 1597, 1597-3, 1635, and 1635-1.

This contract Renewal No. 2 will have a 12-month base period, in the amount of \$12,000,000.00, and is the second renewal option of three successive renewals subject to City Council approval (Ordinance No. 210347).

Original Contract CN1635:	\$11,998,000.00 (Ordinance No. 210347)
Renewal No. 1 CN1635-1:	\$12,000,000.00 (Ordinance No. 220314)
Renewal No. 2 CN1635-2:	\$12,000,000.00 (Current)

## Docket Memo

### Service Level Impacts

In 2010, the City of Kansas City, Missouri entered into a Consent Decree with the United States Environmental Protection Agency (EPA) to reduce the volume and frequency of overflows from the City's sewer system over a 25-year period. In March 2021, the Consent Decree was modified to include additional interim and revised final performance criteria and to extend its duration to 30 years. This project will provide program management services to assist the City with continued implementation of its Smart Sewer Program.

### Other Impacts

1. What will be the potential health impacts to any affected groups?

This project will provide program management services to assist the City in meeting the requirements of the Consent Decree to improve the performance, capacity, and reliability of the City's sewer system, thereby reducing sewer overflows, protecting public health, and improving water quality of local streams and rivers.

2. How have those groups been engaged and involved in the development of this ordinance?

To engage affected groups, a public outreach plan is developed and executed for each Smart Sewer project. Outreach materials are developed to support public involvement, including public meetings with stakeholders. During construction phase of each project, work progress updates are distributed to stakeholders via email and the City's Smart Sewer website.

3. How does this legislation contribute to a sustainable Kansas City?

This project helps promote environmental quality, social equity, and economic vitality.

4. Does the ordinance/resolution include Civil Rights antidiscrimination requirements in compliance with the Code of Ordinances (Chapter 38, titled "Civil Rights")?

Yes. Goals on the project are 15% MBE and 10% WBE. Subcontracting information was submitted to the Civil Rights & Equal Opportunity Department (formerly known as the Human Relations Department) for review and determination on April 6, 2021. The Contractor Utilization Plan was approved on April 6, 2021 (pre-dating the Annual Goal Program), with 15% MBE and 10% WBE participation. With this Renewal No. 2, the participation will also be 15% MBE and 10% WBE.

5. Has the ordinance/resolution been submitted for review of economic equity & inclusion requirements in compliance with the Code of Ordinances (Chapter 3, titled "Contracts and Leases")?

# City of Kansas City, Missouri

## Docket Memo

Yes. The Contractor Utilization Plan, Letters of Intent to Subcontract and Timetable documents were submitted to CREO KC for review on June 7, 2023, and are pending approval.
