### Executive Summary

Approving a council approved signage plan on about 2,143 acres to allow for various signage to serve KCI 29 Logistics Center in District MPD generally located on the north side of I-29/ I-435 & NW 128th Street, specifically at the southeast corner of MO Route 92 and N. Bethel Avenue at the terminus of Mexico City Avenue. (CD-CPC-2025-00017)

### Discussion

The applicant is requesting approval of a Council-Approved Signage Plan in District MPD (Master Planned Development). This plan includes a mixture of signage types including oversized monument signs along I-29, tertiary (gateway) monument signs, and tenant-specific monument signage throughout the site.

Two of the oversized monument signs, each with a maximum height of 100 feet, are proposed along I-29 to advertise the development's fuel center, proposed restaurants, and other amenities. These signs are currently under review by the Federal Aviation Administration (FAA) to ensure they do not pose a hazard to air navigation. As a condition of approval, the City requires that a formal "Finding of No Hazard" from the FAA be obtained and submitted prior to the issuance of any permits. In addition, a 51-foot monument sign is proposed near the fuel station along Interstate 29.

The plan also includes KCI-29 gateway signage in the form of tertiary monument signs distributed throughout the development. These signs, limited to 35 feet in height, will advertise only the overall development and will not include individual tenant names or branding.

Additionally, the plan permits each tenant within the development to be allowed up to two monument signs, with a maximum height of 10 feet per sign.
