Submitted Department/Preparer: City Planning
Revised 6/10/24

Executive Summary

Rezoning an area of about 1.8 acres generally located at the northeast corner of Brooklyn Avenue and East 20th Street from District UR (Urban Redevelopment) to District R-2.5 (Residential). (CD-CPC-2024-00104).

Discussion

The applicant is proposing to rezone the subject property from District UR (Urban Redevelopment) to district R-2.5 (Residential). The applicant has requested the rezoning to allow for the sale of the properties without the controlling UR plan. The UR Plan currently limits development of the site to 29 total townhouse units. The Land Bank of Kansas City is requesting the rezoning to return the property to a base zoning district, to provide more development possibilities to the future owner.

The Heart of the City Area Plan recommends residential low density at this site which corresponds with the R-7.5 and R-10 zoning districts. Because the requested zoning district is not consistent with the area plan, staff required that the applicant also apply for an area plan amendment to the Heart of the City Area Plan from a future land use of residential low density to residential medium-density to better align with the proposed zoning designation.

Staff recommended approval. There was no public testimony at the City Plan Commission meeting. The City Plan Commission recommended approval.
