Case CH-PRES-2025-00002-Norman School Historic District

To Members of the City Plan Commission:

I support the timely listing of the Norman School Historic District in the Kansas city Register of Historic Places.

The properties are within the boundaries of 35th Street, Valentine road, Summit Street and Pennsylvania are unique and tell an important story and defines the development history of the community.

Historic designation recognizes the special historical, cultural and aesthetic value of the area. The area is eligible under Criterion C in the area of architecture and are good examples of Kansas City Shirtwaist, Prairie Style, American Foursquare, Tudor Revival and Colonnaded Apartments.

I recommend approval of the Norman School Historic District, Case CH-PRES-2025-00002.

Dear Larisa,

I am writing to express my strong support for the application seeking approval of a historic designation overlay to the local Kansas City Register of Historic Places. This district, with its 58 resources, holds significant historical value and contributes to the rich cultural tapestry of our community.

The proposed boundaries—West 35th Street on the north, Jefferson St. on the east, Valentine on the South, and Summit Street on the west—encapsulate an area that deserves recognition and preservation for future generations.

Preserving the historical integrity of our neighborhood not only honors our past but also enriches our community's identity. I wholeheartedly support this initiative and look forward to seeing the positive impact it will have on our area.

Thank you for your efforts and dedication to preserving Kansas City's heritage.

Sincerely,

Josh Dampf
