*“Subcontract Amount” refers to the dollar amount that Bidder/Proposer has agreed to pay each M/WBE subcontractor as of the date of contracting and is indicated here solely for the purpose of calculating the percentage that this sum represents in proportion to the total contract amount. 6. Bidder/Proposer acknowledges that it is responsible for considering the effect that any change orders and/or amendments changing the total contract amount may have on its ability to meet or exceed the Bidder/Proposer participation. Bidder/Proposer further acknowledges that it is responsible for submitting a Request for Modification or Substitution if it will be unable to meet or exceed the Bidder/Proposer participation set forth herein.

3.2.2 AFFIRMATIVE ACTION PROGRAM

GBA is a federal contractor or subcontractor (i.e., we provide goods or services to fulfill a prime contract with the federal government). As a federal contractor or subcontractor, we are subject to certain laws and regulations administered by the Office of Federal Contract Compliance Programs. In particular, we are subject to Executive Order 11246, Section 503 of the Rehabilitation Act of 1973, and the Vietnam Era Veterans' Readjustment Assistance Act of 1974 ("VEVRAA"), as amended by the Jobs for Veterans Act of 2002. Collectively, these laws along with the Americans with Disabilities Act, require equal employment opportunities and prohibit discrimination on the basis of race, color, gender/sex, pregnancy, sexual orientation, gender identity, transgendered status, religion, national origin, disability, and protected veteran status under laws applicable to federal contractors and subcontractors.

As a federal contractor or subcontractor, we are also required to engage in affirmative action to increase employment opportunities for, employ, and advance in employment qualified women, minorities, individuals with disabilities, and protected veterans. GBA, as an organization, is committed to engaging in such affirmative action. Our President and Chief Executive Officer (our highest-ranking U.S. executive) also supports our affirmative action program and efforts. We also expect all of our supervisors and any other employees who are involved in making or recommending employment-related action to be as equally committed and supportive.

As part of our affirmative action efforts, we have developed an affirmative action program. The individual who has the overall responsibility for implementation of our program and our affirmative action activities is our Director of Human Resources. Our affirmative action program includes the policies, practices and procedures to comply with our affirmative action obligations, including an internal audit and reporting system.

We ask all applicants and employees to support our affirmative action program and efforts. We will not discriminate against, retaliate against, intimidate, threaten, coerce, or harass any applicant or employee for:

- Filing a complaint; or
- Assisting or participating in an investigation, compliance evaluation, hearing, or any other activity related to the administration of Section 503, VEVRAA, or any other federal, state, or local law requiring equal opportunity for individuals with disabilities or protected veterans; or
- Opposing any act or practice made unlawful by Section 503, VEVRAA, their implementing regulations, or any other federal, state or local law requiring equal opportunity for individuals with disabilities or protected veterans; or
- Exercising any other right protected by Section 503, VEVRAA, or their implementing regulations.

If any applicant or employee believes in good faith that a violation of this policy has occurred, he/she is encouraged to immediately report it to our Human Resources. If an applicant or employee believes in good faith that he/she has been subjected to harassment based on race, color, gender/sex, pregnancy, sexual orientation, gender identity, transgendered status, religion,

national origin, disability, or protected veteran status, he/she is to follow the reporting procedures set out in our Anti-Harassment Policy.

Your employment with GBA is a voluntary one and is subject to termination by you or GBA at will, for any reason that is not unlawful, with or without cause, and with or without notice, at any time. Nothing in these policies shall be interpreted to be in conflict with or to eliminate or modify in any way the employment-at-will status of GBA employees.

3.3 EMPLOYMENT AT WILL POLICY

This policy of employment-at-will may not be modified by any officer or employee and shall not be modified in any publication or document. The only exception to this policy is a written employment agreement approved at the discretion of the President or the Board of Directors, whichever is applicable, and signed by both the employee and the President (or Chairman of the Board or his/her designee).

3.4 DRUG AND ALCOHOL-FREE WORKPLACE POLICY

In order to ensure a safe and efficient work environment, GBA has adopted the following:

- Employees are expected and required to report to work in appropriate mental and physical condition for work. It is our intent and obligation to provide a drug and alcohol-free, healthful, safe, and secure work environment.
- The unlawful manufacture, distribution, possession, sale, or use of a controlled substance or illegal drugs on company premises is absolutely prohibited. Further, the consumption, possession or being under the influence of alcoholic beverages on company premises will not be permitted except with the approval of the Company's President for company-sponsored events. It is also against Company policy for any employee to report to work under the influence of illegal drugs or to work with the presence of illegal drugs in the employee's body in any amount or to report to work or work under the influence of alcohol if the use of the alcohol (whether used or consumed off duty or off premises) results in impaired performance on the job, imposes a safety risk, results in unacceptable or inappropriate behavior, or may harm the reputation of GBA.
- Violation of this policy will result in disciplinary action, up to and including termination, and may have legal consequences.

The term "illegal drugs" means drugs or controlled substances that: (a) are not legally obtainable; (b) are legally obtainable but obtained or used in an illegal manner (including using someone else's prescription drugs or using one's own prescription drugs but in an improper manner or non-prescribed manner); (c) are legally obtainable (such as over-the-counter drugs or synthetic drugs) but are obtained or used in an improper manner, for a purpose not intended by the manufacturer, or for the purpose of having an effect on the individual similar to or that simulates the effects of an illegal drug.
