Discussion

The request is to consider approval of a Final Plat in District MPD on about 86 acres generally located at the northeast corner of 150 Hwy and Botts Road. This use was approved by Case No. CD-CPC-2023-00150 which served as the Preliminary Plat. The Preliminary Plat proposed for about 2.5 million square foot of office, administrative, commercial, and manufacturing, including a substation on seven (7) lots and four (4) tracts in two (2) phases. This Final Plat is in conformance with the Preliminary Plat as well as the lot and building standards of the controlling MPD plan.

Final Plats are the legal instruments used to formally subdivide land in accordance with the layout approved in the Preliminary Plat, which is often presented in multiple phases, as this proposed plat is. The review of a Final Plat includes verification that all required public utilities have been properly extended and accepted by the City, and that stormwater detention covenants have been finalized and reviewed for compliance. This Final Plat is consistent with the previously approved Preliminary Plat and complies with all applicable lot and building standards.

This Final Plat is in conformance with the Preliminary Plat as well as the lot and building standards of Section 88-120 of the Zoning and Development Code.
