

# The Vine Street Stake Holders

The Letter of Support & Concerns

To KCMO City Council Members,

The Vine Street Stakeholders would like to express our full support for the 18<sup>th</sup> Vine Development.

However, it is Imperative that the property owners are guaranteed NO Eminent Domain can occur now or in the future with a Master plan development. The Developers may not seek to condemn other properties for the project.

We urge you to support the proposed committee substitute for ordinance No. 220072.

Sincerely Thanks,

Lincoln Building
