Hi Melissa and Brandon,

My name is Jae, and I live in the 3rd district in the 64128 zip code. I am writing to ask you to vote yes on the Climate Protection and Resiliency Plan without any weakening amendments or changes. As an engaged member of the community you represent, it's important to me that the people's voice is not overlooked in the final version of the plan. We deserve a climate plan that will not only uplift our environment, but also uplift our people. I'm excited to see Kansas City pass a framework that endorses green social housing, closes the Hawthorn Coal Plant, maximizes convenient and accessible public transit, and electrifies our homes and buildings to protect the most vulnerable people. As written now, this plan better reflects the people of Kansas City, not fossil fuel executives or their friends. Therefore, it must pass in full, without any industry-backed amendments intended to water down the will of the community.

Thank you for your service to the part of our city most impacted by climate change. The 3rd district is strong, and we are counting on you to pass the CPRP to give us a livable future. Please feel free to reach out to me if you would like to engage in a deeper conversation on the matter.

Sincerely,

Jae Gray (they/them)
