Discussion

This ordinance authorizes a second amendment to an existing design contract with Hanson Professional Services for additional design tasks related to the construction of the Swope Park Industrial Area Flyover Bridge.

This amendment will allow completion of existing tasks related to the Phase 1 construction of the same project (embankment for the bridge), coordination with the Union Pacific Railroad, and continued coordination through Phase 2 construction (construction of the flyover bridge).

At the time of the original contract award, CREO set participation goals on the contract at fourteen (14%) MBE and ten (10%) WBE participation. The contract amendment continues to comply with those goals.
