

# City of Kansas City, Missouri

# **Docket Memo**

Ordinance/Resolution #: 240241 Submitted Department/Preparer: Water Revised 11/01/23

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in Administrative Regulation (AR) 4-1.

## **Executive Summary**

Authorizing a \$975,000.00 design professional services contract with Black & Veatch Corporation, for the Northland Secondary Pump Station project.

## **Discussion**

## **Project Justification**

Projected treated water demands are expected to increase due to considerable population and industrial growth in Kansas City north of the Missouri River.

The existing Water Treatment Plant Secondary Pump Station was built in the 1920's. With aging infrastructure and limited available space to increase capacity, a new pump station is needed and will be located on site within the property boundary of the existing Water Treatment Plant.

## **Project Description**

Services provided under this contract will include determination of a suitable location on-site and design of a new Northland Secondary Pump Station to supply treated water north of the Missouri River that can increase capacity incrementally to match demand projections. The amount of this contract is \$975,000.00.

The Water Treatment Plant is is located at 1 Briarcliff Road, in Kansas City, Clay County, Missouri.

#### Term

The term of this project will be 450 calendar days.

#### MBE/WBE Goals

CREO KC established goals of 14% MBE and 14% WBE on this project on March 16, 2023 as part of the CREO KC Annual Goal Program.

#### Solicitation

This project was advertised in accordance with the City's requirements. Proposals were received on May 18, 2023 with 2 proposals submitted.

### **Awardee/Subcontracting Participation**

Black & Veatch Corporation was selected for this project with a contract amount of \$975,000.00, with subcontracting participation of 14% MBE and 14% WBE.

## Other Proposal Received

Carollo Engineers, Inc.

## **Estimated Project Cost**

The City's estimated cost for this project is \$975,000.00.
