Re: Barney Allis Redevelopment

Dear Mayor Lucas and Members of the City Council:

On behalf of Kansas City Downtown Marriott, I urge you to take immediate action on the redevelopment of Barney Allis Plaza, and fully support Ordinance No. 240313.

The conversation about Barney Allis redevelopment has been ongoing for several years, but **today we are at a critical juncture**. The city has an incredibly short window to ensure this existing asset is rebuilt before Kansas City is in the international spotlight. On top of the volume of visitors who attend events at the Convention Center, we will host thousands of first-time guests the summer of 2026 for the FIFA World Cup who will spill into downtown and beyond.

Barney Allis Plaza offers visitors a first impression of our city. Re-imagined from its current state into a thriving, arts-focused greenspace, there is tremendous potential for Barney Allis to become an iconic, world-class gathering place, creating a huge draw not only for World Cup fans, but also for convention business and tourism sectors, as well as residents.

Please keep in mind, the garage is vital to best fulfill and accommodate upcoming hotel and tourism commitments for the World Cup, downtown baseball, and the South Loop Project.

Timing is everything. Demolition must begin by May 2024 for the project to be completed in time for the World Cup.

As the largest hotel in the region, our guests contribute to the vibrant community both in spirit and dollars. We are a less attractive destination when parking is not sufficient to meet the need. If there is a condemned parking garage across the street without any indication of coming improvements, our potential visitors will be correct in concluding that the City has little interest in supporting conventions, travel, and tourism.

I recognize that the City Council will be wrestling with difficult budget decisions. However, now more than ever, I encourage the City to prioritize the Barney Allis Redevelopment project.

Sincerely,

Lisa Kring
