PROFESSIONAL STAFF RECOMMENDATION

Docket #1 Recommendation: **Approval**

REZONING REVIEW

The applicant seeks to rezone 0.2 acres from Districts R-2.5 and B1-1 to solely District B1-1. This rezoning is necessary for the existing site to comply with the Zoning and Development Code, which requires parking lots to be on the same parcel and zoned under an equivalent or more intense zoning district. The proposed rezoning to the B1 Zoning District aligns with the Mixed-Use Community recommendation from the area plan. No accompanying plan or area plan amendment is required.

SPECIFIC REVIEW CRITERIA**Zoning and Development Code Map Amendments, REZONINGS (88-515-08)**

In reviewing and making decisions on proposed zoning map amendments, the City Planning and Development Director, City Plan Commission, and City Council must consider at least the following factors:

A. Conformance with adopted plans and planning policies;

The Midtown/Plaza Area Plan recommends Mixed Use Community land use for this location. This proposal is consistent with the future land use plan. No Area Plan Amendment is required.

B. Zoning and use of nearby property;

Nearby properties are zoned B1-1 and residential. The B1 zoning district is classified as Neighborhood Serving Retail.

C. Physical character of the area in which the subject property is located;

Adjacent properties consist mainly of commercial structures/restaurants and residential properties. The proposed rezoning is not expected to change the physical character of the area.

D. Whether public facilities (infrastructure) and services will be adequate to serve development allowed by the requested zoning map amendment;

There is existing public infrastructure serving the site.

E. Suitability of the subject property for the use to which it has been restricted under the existing zoning regulations;

The current zoning designation is R-2.5. The proposed rezoning will change the zoning to B1-1, rezoning will permit the existing bar to come into conformance with parking standards

F. Length of time the subject property has remained vacant as zoned;

The property has been occupied by a commercial structure for a considerable time.

G. The extent to which approving the rezoning will detrimentally affect nearby properties; and

The rezoning is not expected to detrimentally affect nearby properties.

H. The gain, if any, to the public health, safety, and welfare due to denial of the application, as compared to the hardship imposed upon the landowner, if any, as a result of denial of the application.

A denial of the application will not provide any gain to the public health, safety, and welfare.
