**Comments:**

Note: CREO approved Good Faith Efforts on original contract.

Original Contract Amount: \$17,456,817.00  
Proposed Change Orders 1-2: \$ 2,369,618.64  
Proposed Contract Amount: \$19,826,435.64

According to B2G, the prime contractor is currently achieving the following participation on the contract:

Dollars paid to prime contractor to date: \$4,142,391.29  
Dollars paid to MBEs by prime contractor to date: \$221,624.56 for 5.4%% MBE  
Dollars paid to WBEs by prime contractor to date: \$120,695.72 for 3% WBE.

The prime contractor has not received payments for July and August 2024 due to issues with payrolls. According to the prime contractor, another reason for the current shortfall is as follows:

“The work that has been completed to date has been mostly associated with demolition and concrete formwork, which does not have much MWBE participation with it. The majority of MWBE participation will occur after the new structure is complete and the MEP and Finish scopes of work begin during the interior renovation of the garage.”

The prime contractor has provided a projection demonstrating that they do expect to meet the participation listed on the approved CUP.

\*Note: Alexander Mechanical’s subcontract amount is currently listed as \$2,237,625.69, but they are subcontracting \$251,368.84 of that work to other subcontractors- only one (1) of which is certified (Parrish & Sons Construction). Alexander Mechanical’s amount for credit to the MBE goal is \$1,986,256.85.

\*\*Note: Parrish & Sons has a second subcontract under Alexander Mechanical.

\*\*\*Note: Little Joe's Asphalt's subcontract amount is listed as \$33,550, but they are subcontracting \$6,800 to a non-certified firm. The remaining \$26,750 will count towards the WBE goal achievement.
