Submitted Department/Preparer: City Planning

Revised 6/10/24

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

Approving an amendment to the KCI Area Plan on about 16.8 acres generally located at the southeast corner of N Congress Avenue and NW Cookingham Drive by changing the recommended land use from Mixed Use Community to Commercial/Industrial for the Envision Project. (CD-CPC-2024-00141)

Discussion

This resolution in companion to the proposed ordinance for rezoning and development plan. The applicant is proposing to rezone about 5 acres to B3 (commercial), 16.8 acres to M2 (industrial) and 28 acres to R-5 (residential). There are prospective tenants for the 2 lots that will be zoned M2. The commercial and residential development is still speculative at this time. The proposed B3 and R-5 zoning districts are generally in alignment with the Mixed Use Community future land use designation. The proposed M2 rezoning requires a change in the area plan to the Commercial/Industrial future land use.

The original application proposed the majority of the site being zoned M2, and after the first CPC hearing where there was oppositional testimony, the applicant revised the plans to propose over half the site be zoned R-5 (residential) rather than industrial. At the second CPC hearing, there was still mostly testimony in opposition to the project from surrounding neighbors and residents of the Village of Ferrelview to the north of the site. There are design guidelines associated with the development plan requiring a 35 ft buffer between industrial uses and residential lots and a 25 ft buffer between commercial uses and residential lots.

Staff recommended approval of the Area Plan amendment and rezoning, and approval with conditions of the development plan. The CPC voted to recommend denial of all 3 applications (6-1).
