Docket memos are required on all ordinances initiated by a Department Director. More information can be found in Administrative Regulation (AR) 4-1.

Executive Summary

Authorizing the Manager of Procurement Services to execute a $11,886,536.65 construction contract with Superior Bowen Asphalt Co., LLC, for the WD Emergency Asphalt & Concrete 2, Renewal No. 1 project; authorizing three successive renewal options with further City Council approval; authorizing modifications to the contractual commitment between funds as long as the total contract amount does not change; and recognizing this ordinance as having an accelerated effective date.

Discussion

Project Justification
The Water Services Department is undertaking this project to restore areas damaged due to water main breaks, sanitary sewer and stormwater infrastructure improvements.

Project Description
The scope of work to be provided under this contract entails repairing streets and adjacent curbs, sidewalks, driveways, yards, and other site-specific work as needed to areas damaged due to water main breaks, sanitary sewer repairs, stormwater repairs, and repairs of deteriorated areas at other Water Services Department Facilities.

Work also includes resurfacing roads over water main replacement construction projects to bring them to new SR-1 standards, which changes the costs of restoring streets.

This contract is based on unit prices with work being performed throughout Kansas City, in Cass, Clay, Jackson, and Platte Counties, Missouri.

City Council passed Ordinance No. 250572 on July 24, 2025, authorizing a $9,633,880.00 construction contract with Superior Bowen Asphalt Co., LLC, for the WD Emergency Asphalt & Concrete 2 project and authorizing four

successive renewal options with further City Council approval. This contract, Contract No. 9947, totaling $9,633,880.00, was executed by the City on August 29, 2025.

A $963,000.00 Change Order No. 1 was executed on June 22, 2026 adding additional funds to help bridge the gap pending execution of this proposed first renewal in order to complete more restorations of scheduled water main replacement projects that are ready for asphalt.

This proposed ordinance requests approval of the first of four renewal options with further City Council, approval of modifications to the contractual commitment between funds as long as the total contract amount remains unchanged, and recognition of the ordinance as having an accelerated effective date as it relates to a construction project.

Term
The term of this Renewal No. 1 contract is 365 calendar days.

KCSBE Goals
City Council has adopted Ordinance No. 260692, and the City is currently entering an interim Stop-Gap period as CREO KC prepares for the launch of the new race- and gender-neutral Contracting Program. Due to Ordinance No. 260692, there are no goals on this project.
