City Planning & Development Department
Official Street Re-Naming Report

DATE: August 25, 2026

TO: City Council

FROM: Justin Smith, Chairman of the Street Naming Committee

Case: CD-ROW-2026-00016 – Official Street Re-naming

The Northwest 97th Street and Northwest 95th Terrace Corridor is a roughly 1,700-foot corridor that changes street names when crossing North Line Creek Parkway, even though it is the same road. The goal of this ordinance is to rename the existing street one contiguous name, creating consistency throughout. This ordinance will also extend North Harden Avenue north, from the currently approved name of Northwest 95th Terrace.

The Street Naming Committee heard this application at the 8/6/26 street naming committee hearing and recommended approval of the street renaming, with a condition that the Fire Department also agree to the change. The Fire Department stated they had no objections via email.

Public mailed notice was sent at least 14 days prior to the hearing date to ensure that adequate notice of the renaming.

The cost of the signs is incurred on the City.

Respectfully submitted,

Justin Smith

Development Management Division
