Subject: I support the mask mandate

Thank you for continuing to respect CDC guidelines despite pressure from the misinformed minority. You have saved a lot of lives in this city and you should be proud. I wholly support a vote for the continuation of the mask mandate at your upcoming meeting.

A city-wide mask mandate protects our citizens and takes the pressure off of school boards and businesses from having to make and enforce mask-related decisions amidst pressure from aggressive and irrational anti-mask groups.

You guys have done a great job throughout this pandemic. I can't tell you how much I have appreciated how well you have stuck the balance between protecting lives and protecting businesses.

Best wishes,

Lorrie Hulston Corvin
