Subject: Resolution 210949

Good morning,

The Kansas City Climate Protection Steering Committee voted unanimously last week to recommend the City include its climate targets outlined in Resolution 200005 in its 2022 state legislative priorities and that the City also commit to advocate for the City's climate goals in state regulatory processes to help us meet our clean energy goals affordably and equitably.

I would appreciate a hold on Resolution 210949 to give the committee more time to prepare our recommendations.

Sincerely,

Robin Ganahl, 4th District

Robin Ganahl

Chair, Kansas City Climate Protection Steering Committee

Team Leader, Mothers Out Front KC
