Section B. That a development plan for the area legally described above is hereby approved, subject to the following conditions:

1. The developer shall cause the area to be platted and processed in accordance with Chapter 88, Code of Ordinances of the City of Kansas City, Missouri.
2. The developer shall subordinate to the City all private interest in the area of any right-of-way dedication, in accordance with Chapter 88 and as required by the Land Development Division, prior to issuance of any construction permits within said right-of-way, and the owner/developer shall be responsible for all costs associated with subordination activities now and in the future.
3. After the City Plan Commission enters its disposition for the development plan, the developer shall not enter into any agreement that would encumber or otherwise have any impact on the proposed right-of-way dedications for the planned project without the prior written consent of the Land Development Division.
4. The developer shall dedicate additional right-of-way for Stadium Drive as required by the adopted Major Street Plan and Chapter 88 so as to provide a minimum of 50 feet of right of way as measured from the centerline of Stadium Drive, along those areas being platted.
5. The developer shall pay impact fees as required by Chapter 39 of the City's Code of Ordinances, as required by the Land Development Division.
6. The developer shall obtain the executed and recorded City approved grading, temporary

construction, drainage/sewer, or any other necessary easements from the abutting property owner(s) that may be required prior to submitting any public improvements crossing properties not controlled by the developer and include said document(s) within the public improvement applications submitted for permitting.

7. The developer shall submit plans for grading, siltation, and erosion control to the Land Development Division for review and acceptance, and secure a site disturbance permit for any proposed disturbance area equal to one acre or more prior to beginning any construction activities.
8. The developer shall kill the existing service Reg. No. 138033 and extend the new service line from E. U.S. 40 Highway to service Lot 1 meeting current Kansas City water standards.
9. The developer shall ensure that domestic water and fire service lines must be brought in compliance with current Kansas City, Missouri rules and regulations for water service lines.
10. The developer shall extend the public water main along their east property line down the Stadium Drive to serve Lots 28 and 29 with the development of Lot 2.
11. The developer shall consolidate the four driveways on Lot 2 down to two driveways when Lot 2 is developed.

Section C. The Council authorizes the unsecured deferral of the following conditions pursuant to Section 88-405-22 prior to any development or issuance of building permit; to be entered into and executed prior to Mylar approval:

1. The developer shall enter into an unsecured deferral agreement for all the public improvements noted in conditions 2-9 as required by the Land Development Division. The deferral agreement shall be for a period of time until any new improvements of any kind occur or prior to issuance of building permit on either lots.
2. The developer shall secure approval of a street tree planting plan from the City Forester prior to Mylar approval of the final plat.
3. The developer shall secure permits to extend public sanitary and storm water conveyance systems to serve all proposed lots within the development and determine adequacy of receiving systems as required by the Land Development Division, prior to recording the plat or issuance of a building permit, whichever occurs first.
4. The developer shall enter into a covenant agreement for the maintenance of any stormwater detention area tracts as required by the Land Development Division, prior to recording the plat.
5. The developer shall grant a BMP easement to the City as required by the Land Development Division, prior to recording the plat or issuance of any building permits.
6. The developer shall submit a macro storm drainage study with the first plat or phase, from a Missouri-licensed civil engineer to the Land Development Division showing

- compliance with current adopted standards in effect at the time of submission, including water quality BMP's, to the Land Development Division for review and acceptance for the entire development area, and submit a micro storm drainage study with each subsequent plat or phase showing compliance with the approved macro and adopted standards. The developer shall secure permits to construct any improvements as necessary to mitigate impacts from rate, volume, and quality of runoff from each proposed phase, prior to recording the plat or prior to issuance of a building permit, whichever occurs first as required by the Land Development Division.
7. Stormwater management facilities, such as detention basins, BMPs, engineered surface water conveyance paths outside of right-of-way, which serve multiple lots or tracts, shall be privately maintained, located on separate tract(s), and covered by maintenance covenant(s) to be administered through the platting process.
 8. Prior to issuance of any construction permits, the developer shall submit, for review and acceptance, a macro storm drainage study, sealed by a Missouri- licensed civil engineer, for the entire development area, showing compliance with the latest adopted version of APWA 5600 standards in effect at the time of submission, including water quality BMPs per the latest adopted version of the MARC BMP Manual, and submit a micro storm drainage study with each subsequent phase of development showing compliance with the approved macro and adopted standards. The developer shall construct improvements necessary to mitigate impacts from rate, volume (10% and 1% storms at a minimum), and quality of stormwater runoff from each proposed phase.
 9. The developer shall remove the driveway in Lot 3 within the radius of Stadium Drive. Driveway should be moved to the west.

A copy of said development plan is on file in the office of the City Clerk with this ordinance and is made a part hereof.

Section D. That the Council finds and declares that before taking any action on the proposed amendment hereinabove, all public notices and hearings required by the Zoning and Development Code have been given and had.

I hereby certify that as required by Chapter 88, Code of Ordinances, the foregoing ordinance was duly advertised and public hearings were held.
