ORDINANCE NO. 220516

Amending Chapter 10, Code of Ordinances, by repealing Section 10-211, Number of retail alcoholic beverage licenses, and enacting in lieu thereof a new section of like number and subject matter to align it with other like sections of chapter 10

WHEREAS, on January 14, 2022, the City Council passed Ordinance No. 210961 which made many necessary changes and updates to Chapter 10; and

WHEREAS, after working with the newly revised Chapter 10 for a few months it has been found that revisions are needed to prevent future and ongoing exceptions to this section as this has been an ongoing issue for many years; and

WHEREAS, the density model has become antiquated because there are many different types of businesses that have an interest in getting a liquor license that are not simply categorized as a “tavern” or a “package store”; NOW, THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF KANSAS CITY:

Section 1. That Chapter 10, Code of Ordinances of Kansas City, Missouri, is hereby amended by repealing Section 10-211, Number of retail alcoholic beverage licenses, and replacing it with a new section of like number and subject matter to read as follows:

Sec. 10-211. Number of retail alcoholic beverage licenses.

A significant concentration of alcoholic beverage licenses within any segment of the community is likely to interfere with or be detrimental to the rights or interests of the community. For purposes of this section, it shall be presumed that a proposed license is likely to interfere with or be detrimental to the rights or interests of the neighboring community if the location of the proposed license will exceed the limitations outlined in this section. The number of alcoholic beverage licenses issued by the director shall be limited on the following basis:

For a premise that is currently in operation, the center of the door for the main entrance to the premise shall be determined by the entrance naturally used by the public frequenting the premise. The applicant shall furnish to the director two coordinates expressed in feet, based on the North American Datum 1983 Missouri West State Plane Coordinate System, identifying the center of the door for the main entrance to the premise. The decision of the director to disapprove the renewal of any license issued under the provisions of this subsection shall not be deemed a revocation and shall not disqualify the licensee from applying for and receiving any license granted under the provisions of this chapter. The decision of the director to disapprove the renewal of any license issued under the provisions of this subsection shall be appealable to the board in the manner set forth in [section 10-62 <https://library.municode.com/mo/kansas_city/codes/code_of_ordinances?>](https://library.municode.com/mo/kansas_city/codes/code_of_ordinances?) of this chapter.

The determination of the number of licenses of a specific category located within the entire boundaries of any United States census blocks located in the city, and which census blocks are located wholly within or intersected by a 3,000-foot radius as measured from

- (4) If the total number of sales-by-drink or sales-by-package licenses herein issued at the time this chapter becomes effective exceeds the number authorized for that category of license, those licenses, if they meet all other requirements, shall be entitled to renewal on an annual basis. If a license is not renewed or ceases to fulfill all other requirements of this chapter and is thereafter terminated or canceled or expires, then an application for a new license for the previously licensed premise shall be required to fulfill all conditions of this chapter for an original license, including but not limited to the provisions of [section 10-211](#)

limiting the number of licenses. Additional licenses in a category shall not be issued until the time as the respective population ratios as calculated and determined under this section exceed the populations provided herein. A new license in a category, if the application meets all other requirements of this chapter, may be issued for a vacancy created by bona fide purchase or transfer of a license to a new premise located in a census block wholly within or intersected by a 3,000-foot radius from the existing licensed premise, as measured from the center of the door for the main entrance to the premise, so long as an application for a new license is filed within 12 months from the date of bona fide purchase or transfer. A licensee whose license has been surrendered, canceled or not renewed as a result of the transfer of the real property where the premise is located to an entity that has the power of eminent domain, and who files an application for a new license within 12 months from the date of the transfer of the real property shall be exempt from the requirements of this section with respect to a new location, but the licensee shall meet all other requirements of this chapter. For the purposes of this chapter, the center of the door for the main entrance to the premise shall be determined by the entrance naturally used by the public frequenting the establishment who shall furnish to the city two coordinates expressed in feet, based on the North American Datum 1983 Missouri West State Plane Coordinate System, identifying the center of the door for the main entrance to the premise.

- (5) An applicant may seek to rebut the presumption that their proposed license is likely to interfere with or be detrimental to the rights or interests of the neighboring community by making a written request to the director describing why they believe a waiver is

appropriate. The director may permit waiver if they find that the proposed license is not likely to interfere with or be detrimental to the rights and interests of the neighboring community. In considering a waiver, the director must wait until the conclusion of the eligible neighbor notification period, as outlined in section 10-214, and may consider:

- (a) Whether 50% or more of the eligible neighbors who filed a written response with the director opposed the granting of a license;
 - (b) The physical characteristics of the proposed premises; relevant geography and character of both the premises and the surrounding neighborhood;
 - (b) The proximity of the premises to other uses and use types and the effect of the exterior lighting, noise, traffic and parking associated with the operation of the premises, with its patrons or with other persons frequenting the premises on the surrounding area;
 - (c) The type of activity or entertainment to be conducted at the establishment and the days and times during which such activity would take place;
 - (d) Whether any applicable church or school within 300 feet of the proposed premises supports the requested waiver;
 - (e) The history of past use at the proposed premises; and
 - (f) The measures the applicant proposes to implement to maintain quiet and security in conjunction with the establishment.
- (6) The director shall review any request to rebut a presumption, along with any additional information submitted by an eligible neighbor, city department, the Kansas City Police Department, and any other information that the director deems relevant. The director shall not make a decision until the eligible neighbor response period has ended as outlined in section 10-214. The director shall issue the decision in writing to the applicant and all responding eligible neighbors and provide the reasons for their decision.
- (7) The director may grant a conditional license to any applicant whose proposed license is in conflict with this section in order to avoid the proposed premises interfering with or being a detriment to the rights and interests of the neighboring community.
