12. For any proposed new residential units, the developer shall comply with the parkland dedication requirements of 88-408.
13. The developer shall submit a streetscape plan with street tree planting plan per 88-425-03 for approval by the Parks and Recreation Department’s Forestry Division prior to a building permit.
14. The developer shall ensure that water and fire service lines should meet current Water Services Department rules and regulations prior to any certificate of occupancy.

A copy of said development plan is on file in the office of the City Clerk with this ordinance and is made a part hereof.

Section C. That the Council finds and declares that before taking any action on the proposed amendment and development plan hereinabove, all public notices and hearings required by the Zoning and Development Code have been given and had.
