Revised 01/30/25

Docket memos are required on all ordinances initiated by a Department Director. More information can be found in [Administrative Regulation \(AR\) 4-1](#).

Executive Summary

Vacating the sidewalk right-of-way in proposed Zoning District MPD (Master Planned Development) generally located within the area known as the Country Club Plaza and directing the City Clerk to record certain documents. (CD-ROW-2025-00037)

Discussion

The right-of-way proposed to be vacated consists solely of the sidewalk system within the area commonly known as the Country Club Plaza. This application does not include any right-of-way adjacent to properties under Parks Department jurisdiction, which includes Mill Creek Parkway and Ward Parkway.

The applicant is requesting the vacation of the sidewalks to take responsibility for their maintenance and to make improvements in accordance with their own standards, outside of Public Works standards. Proposed improvements include but are not limited to the addition of planters, benches, and public art. Privatization of the sidewalks would also allow the applicant to provide an additional level of enforcement through private security.

This request applies only to pedestrian sidewalks; no vehicular right-of-way is proposed to be vacated. The associated Master Planned Development, currently under review under Case No. CD-CPC-2025-00164, includes a proposed "Build to Line" requirement that would prevent any construction from encroaching upon or obstructing the vacated sidewalk areas.
